

Investing via a Junior Stocks and Shares ISA

What is a Junior ISA?

A Junior ISA is an Individual Savings Account for Children. Junior ISAs are available from 1 November 2011. A Junior ISA is a scheme for investment managed in accordance with the ISA Regulations under terms agreed between the Junior ISA Manager and the Registered Contact who acts on behalf of the Child.

The Registered Contact is the person who can agree with the Junior ISA Manager the terms and conditions under which the Junior ISA will operate and give instructions to the Junior ISA Manager for the management of the Junior ISA. There can be only one registered contact at any one time.

The Registered Contact can be a person with parental responsibility for the Child or the Child holding the account (except in certain circumstances detailed in the terms and conditions) if they are aged 16 or over and have taken on the management of the Junior ISA by making an application to the Junior ISA Manager for registered contact status.

Income and gains generated by Junior ISA investments are exempt from any further UK income tax as well as capital gains tax in the hands of the Child.

Up to two accounts can be held on behalf of the Child, one Junior Cash ISA and one Junior Stocks and Shares ISA. Marlborough offer the Junior Stocks and Shares ISA only.

The Registered Contact, on behalf of the Child, can open one Junior Stocks and Shares ISA and one Junior Cash ISA. The Registered Contact may transfer existing Junior ISAs between providers without affecting the Child's current year's allowance. Junior Stocks and Shares ISAs from both existing and previous years may only be held with one Manager at any time.

Up to £9,000 may be invested for 2020/2021 in either a Junior Stocks and Shares ISA or Junior Cash ISA or any combination of the two, providing no contribution has already been made to another Junior Stocks and Shares ISA or Junior Cash ISA with another provider. The total that may be invested in a Junior Stocks and Shares ISA is £9,000 less any amount already invested in a Junior Cash ISA in that same year. The below illustration gives examples of the limits for Junior Stocks and Shares and Junior Cash ISAs in the tax year 2020/2021:

- If the maximum £9,000 is invested in a Junior Stocks and Shares ISA or Junior Cash ISA, no further investment may be made into any Junior ISA of any kind in this tax year
- If £4,500 has been invested in a Junior Cash ISA, a further £4,500 may be invested in a Junior Cash ISA or a Junior Stocks and Shares ISA in this tax year
- If no investments have been made into a Junior ISA in this tax year, £9,000 may be invested in any proportion to both types of ISA in this tax year.

The maximum amount that may be invested in a Junior ISA will increase by the rate of inflation (as measured by the Consumer Prices Index) each year. The Registered Contact

may contact us or their financial adviser for the latest applicable limits.

A Child must be under 18, must not have a Child Trust Fund and be resident in the UK for tax purposes to open a Junior ISA or have their Registered Contact open one for them. The Child can also be a UK Crown servant, married to or in a civil partnership with a Crown servant or a dependent of a Crown servant.

How do I invest via a Marlborough Junior Stocks and Shares ISA?

The Registered Contact may invest by completing a Junior Stocks and Shares ISA Application Form, which can be obtained from our website or by calling our Customer Support Team free on 0808 145 2500. We are not able to accept deals over the telephone.

Once the Junior ISA has been opened by the Registered Contact, anyone can contribute to a Child's Junior ISA.

The investment will be made at the next available valuation point.

The minimum investment can be found in the relevant Prospectus or Investing with Marlborough document.

All subscriptions to a Junior ISA are a gift to the child and as such cannot be repaid to the subscriber if, at a later date, they change their mind.

Can the Registered Contact transfer an existing Junior ISA to Marlborough?

Yes. As well as subscribing each tax year previous year's Junior Stocks and Shares ISAs may be transferred in full to a new provider. To transfer an existing Junior Stocks and Shares ISA to Marlborough the Registered Contact must complete our Junior Stocks and Shares ISA transfer form. Junior Stocks and Shares ISA subscriptions may also be transferred in whole or in part to a Junior Cash ISA. Subscriptions to a Junior Cash ISA with another ISA Manager may also be transferred in whole or in part to a Junior Stocks and Shares ISA. No Child may have more than one Junior Stocks and Shares account and one Junior Cash ISA account at any one time.

How does tax affect the Junior ISA?

Any capital gains or income from investments in a Junior ISA are free from income tax and CGT. If the fund pays interest distributions they are paid without deduction of income tax at 20%. All income must be reinvested so we will use the gross distribution to buy additional units for the Child at the next valuation point after the payment date.

If the fund pays dividend distributions they are paid net of a notional tax credit equivalent to a deduction of 10% of the gross dividend. This tax credit cannot be reclaimed within a Junior ISA.

Are there any additional risks associated with investing in a Marlborough Junior ISA?

The risks are the same as those associated with all stock market investments and with the specific fund(s) you choose.

These can be found in the prospectus. In addition, it should be noted that the favourable tax treatment given to Junior ISA's may not be maintained. The rates of and relief from taxation depend on your own circumstances and may change over time.

Regular Savings in a Junior ISA

Regular, monthly contributions may be made into a Junior ISA.

The minimum subscription for this is £100 per month and the maximum is £750 for 2020/2021 subject to the overall Junior ISA investment limits.

The Registered Contact will be sent a statement showing the Child's transactions twice each year, within 25 business days of the 6th April and 6th October.

When the Registered Contact applies for regular savings within a Junior ISA they do so by making a continuous application. This means that they can continue making contributions each year without completing additional application forms. If they wish to cancel their regular savings to the Junior ISA they will need to write to us with their instructions. They will also need to cancel the direct debit instruction with their bank or instruct the subscriber to do this.

How do I sell the Child's Marlborough Junior ISA?

Investments in the Junior ISA cannot be withdrawn until the Child's 18th birthday except where a terminal illness claim made on behalf of the Child has been. A Junior ISA can only be closed on the Child's 18th birthday, or on direct instruction from HMRC (where the Junior ISA is void) or on the death of the Child.

What happens when the Child turns 18?

When the Child turns 18 their Junior ISA will automatically become a regular ISA, at which point the Registered Contact will cease to have control of the account.

Can the Registered Contact be changed?

Yes, the Registered Contact may be changed by completing a form available from Marlborough. The new Registered Contact must also be 16 years of age or over and have parental responsibility for the Child. Where the Child is 16 years of age or over they may also apply to become the Registered Contact for their account.

Can I withdraw this application? (Cancellation Rights)

If the Registered Contact received advice when they invested in a Junior ISA with Marlborough we will give them 14 days in which to change their mind and cancel their investment. The Registered Contact will receive a letter from us detailing cancellation rights. It is important to note that if a Junior ISA transfer is cancelled the tax exempt Junior ISA status of the investment may be lost.
