Important information

No person has been authorised by the Company or the ACD to give any information or to make any representations in connection with the offering of Shares other than those contained in this Prospectus and, if given or made, such information or representations must not be relied upon as having been made by the Company or the ACD. The delivery of this Prospectus (whether or not accompanied by any reports) or the issue of Shares shall not, under any circumstances, create any implication that the affairs of the Company have not changed since the date hereof.

This Prospectus is intended for distribution in the United Kingdom. The distribution of this Prospectus and the offering of Shares in certain jurisdictions may be restricted. Persons into whose possession this Prospectus comes are required by the Company to inform themselves about and to observe any such restrictions. This Prospectus does not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

Potential investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or any other matters and are recommended to consult their own professional advisers concerning the acquisition, holding or disposal of Shares.

Shareholders are deemed to have taken notice of the provisions of the Instrument of Incorporation which is binding on each of the Shareholders. A copy of the Instrument of Incorporation is available on request from Investment Fund Services Limited.

This Prospectus has been issued for the purpose of section 21 of the Financial Services and Markets Act 2000 by Investment Fund Services Limited.

The distribution of this Prospectus in certain jurisdictions may require that this Prospectus is translated into the official language of those countries. Should any inconsistency arise between the translated version and the English version, the English version shall prevail.

This Prospectus is based on information, law and practice at the "valid as at date" which is on the front cover and below. The Company cannot be bound by an out of date prospectus when it has issued a new prospectus and investors should check with the ACD that this is the most recently published prospectus.

US Tax Reporting

The Company is required to comply with certain reporting requirements in order to avoid a 30% US withholding tax on interest income and the proceeds of sales of US securities and other US financial instruments. Complying with such requirements may require the Company to request certain information and documentation from Shareholders, and to agree to provide such information and documentation to the IRS if requested to do so. Any Shareholder that fails to provide the required information may be subject to a compulsory redemption of their shares and/or mandatory penalties.

Shares have not been and will not be registered under the United States Securities Act of 1933, as amended. They may not be offered or sold in the United States of America, its territories and possessions, any State of the United States of America and the District of Columbia or offered or sold to US Persons (as defined below). The Company has not been and will not be registered under the United States Investment Company Act of 1940, as amended. The ACD has not been and will not be registered under the United States Investment Advisers Act of 1940.

A "U.S Person" means any citizen or resident of the United States of America, its territories and possessions including the State and District of Columbia and all areas subject to its jurisdiction (including the Commonwealth of Puerto Rico), any corporation, trust, partnership or other entity created or organised in or under the laws of the United States of America, any state thereof or any estate or trust the income of which is subject to United States federal income tax, regardless of source. The expression also includes any person falling within the definition of the term "U.S Person" under Regulation S promulgated under the United States Securities Act of 1933.

This Prospectus is dated and valid as at 26th November 2021.

1. DEFINITIONS

"ACD"	Investment Fund Services Limited, the authorised corporate director of the Company;
"ACD Agreement"	An agreement between the Company and the ACD;
"Act"	the Financial Services and Market Act 2000 as amended, restated, re-enacted or replaced from time to time;
"Approved Bank"	(in relation to a bank account opened by the Company): <ul style="list-style-type: none">(a) if the account is opened at a branch in the United Kingdom:<ul style="list-style-type: none">(i) the Bank of England; or(ii) the central bank of a member state of the OECD; or(iii) a bank; or(iv) a building society; or(v) a bank which is supervised by the central bank or other banking regulator of a member state of the OECD; or(b) if the account is opened elsewhere:<ul style="list-style-type: none">(i) a bank in (a); or(ii) a credit institution established in an EEA State other than in the United Kingdom and duly authorised by the relevant Home State Regulator; or(iii) a bank which is regulated in the Isle of Man or the Channel Islands; or(iv) a bank supervised by the South African Reserve Bank;

“Auditor”	Ernst & Young LLP, or such other entity as is appointed to act as auditor to the Company from time to time;
“business day”	Monday to Friday excluding UK public and bank holidays or any day on which the London Stock Exchange is not open and excluding the last trading day before the 25 th December or any day on which the ACD has notified the Depositary that it is not open for normal business or otherwise agreed between the ACD and the Depositary;
“Class” or “Classes”	in relation to Shares, means (according to the context) all of the Shares related to a particular class;
“the COLL Sourcebook” or “COLL”	the Collective Investment Schemes Sourcebook issued by the FCA pursuant to the Act as amended or replaced from time to time;
“Company” or “Fund”	IFSL SIM Junior Gold & Silver Miners Fund;
“Dealing Day”	Monday to Friday where these days are business days excluding the last business day before 25 th December and the last business day of the year;
“Depositary”	HSBC Bank plc, or such other entity as is appointed to act as Depositary in accordance with the Regulations;
“Director” or “Directors”	the directors of the Company from time to time (including the ACD);
“EEA State”	a member state of the European Union and any other state which is within the European Economic Area;
“Efficient Portfolio Management” or “EPM”	an investment technique where derivatives are used for one or more of the following purposes: reduction of risk, reduction of cost or generation of additional income with a risk level which is consistent with the risk profile of the Scheme

and the risk diversification rules laid down in COLL;

“Eligible Institution”	one of certain eligible institutions as defined in the glossary of definitions to the FCA Handbook;
“the FCA”	the Financial Services Authority in respect of matters before 1 April 2013 and, in respect of matters after that date, the Financial Conduct Authority or any other regulatory body which may assume its regulatory responsibilities from time to time;
“FCA Handbook”	the FCA Handbook of Rules and Guidance, as amended or replaced from time to time;
“ICVC”	investment company with variable capital;
“Instrument of Incorporation” or “Instrument”	the instrument of incorporation of the Company as amended from time to time;
“Investment Manager”	Sector Investment Managers Ltd, investment manager in respect of the Company;
“ISA”	an individual savings account under The Individual Savings Account Regulations 1999 (as amended);
“Net Asset Value” or “NAV”	the value of the Scheme Property of the Company (as the context may require) less the liabilities of the Company as calculated in accordance with the Instrument of Incorporation;
“OEIC Regulations”	The Open-Ended Investment Companies Regulations 2001 as amended or re-enacted from time to time;
“Register”	the register of Shareholders of the Company;
“Regulated Activities Order”	the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (SI 2001/544);

“Regulations”	the Act, the OEIC Regulations and the FCA Handbook (including the COLL Sourcebook);
“Scheme Property”	the scheme property of the Company required under the COLL Sourcebook to be given for safekeeping to the Depositary;
“SDRT”	stamp duty reserve tax;
“Share” or “Shares”	a share or shares in the Company;
“Shareholder”	a holder of registered Shares in the Company;
“Switch”	the exchange where permissible of Shares of one Class for Shares of another Class;
“UCITS”	means an Undertaking for Collective Investment in Transferable Securities. This will include a UCITS Scheme or an EEA UCITS scheme, as defined in the Financial Conduct Authority Handbook;
“UCITS Directive”	means the European Parliament and Council Directive of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS") (No.2009/65/EC) (as amended);
“UCITS Scheme”	means a UK UCITS, as defined in the FCA Handbook;
“UK UCITS”	means, in accordance with sections 236A and 237 of the Financial Services and Markets Act 2000, a collective investment scheme which may consist of several sub-funds, which is either an authorised unit trust scheme, an authorised contractual scheme, or an authorised open-ended investment company with the sole object of collective investment of capital raised from the public in transferable securities or other liquid financial assets, operating on the principle of risk-spreading, with units which are, at the request of holders, repurchased or redeemed, directly or indirectly, out of those undertakings’ assets, and which

has identified itself as a UCITS in its prospectus and has been authorised accordingly by the FCA;

“Valuation Point”

the point on a Dealing Day whether on a periodic basis or on a particular valuation, at which the ACD carries out a valuation of the Scheme Property of the Company (as the case may be) for the purposes of determining the price at which shares of a Class may be issued, cancelled or redeemed. The current Valuation Point is 12.00 noon London time on each Dealing Day with the exception of the last Business Day before 25th December, the last Business Day of the year or a bank holiday in England and Wales; and

“VAT”

UK value added tax.

2. DETAILS OF THE COMPANY

2.1. General information

2.1.1. General

IFSL SIM Junior Gold & Silver Miners Fund (the Company) is an investment company with variable capital incorporated in England and Wales under registered number IC 485487 and authorised by the FCA with effect from 27 August 2008 with the Product Reference Number (PRN) 485487. The Company has an unlimited duration.

The Company was previously known as Junior Gold. The Company was renamed on 26th November 2021 to: (1) reflect the appointment of Investment Fund Services Limited as ACD; (2) link the name of the Company more closely to its investment activity; and (3) include reference to the Investment Manager.

Shareholders are not liable for the debts of the Company.

The ACD is also the manager of certain authorised unit trusts and open-ended investment companies details of which are set out in Appendix 4.

2.1.2. Head Office

The head office of the Company is at Marlborough House, 59 Chorley New Road, Bolton BL1 4QP.

2.1.3. Address for Service

The head office is the address of the place in the UK for service on the Company of notices or other documents required or authorised to be served on it.

2.1.4. Base Currency

The base currency of the Company is Pounds Sterling.

2.1.5. Share Capital

Maximum £100,000,000,000

Minimum £1

Shares have no par value. The share capital of the Company at all times equals the sum of the Net Asset Value.

Shares in the Company may be marketed in other Member States and in countries outside the European Union and European Economic Area, subject to the Regulations, and any regulatory constraints in those countries, if the ACD so decides.

The Company is designed and managed to support longer-term investment and active trading is discouraged. Short-term or excessive trading into and out of the Company may harm performance by disrupting portfolio management strategies and by increasing expenses. The ACD may at its discretion refuse to accept applications for, or switching of, Shares, especially where transactions are deemed disruptive, particularly from possible market timers or investors who, in its opinion, have a pattern of short-term or excessive trading or whose trading has been or may be disruptive to the Company. For these purposes, the ACD may consider an investor's trading history in the Company or other Investment Fund Services Limited funds and accounts under common ownership or control.

2.2. The structure of the Company

2.2.1. The Company

The Company is structured as a UCITS Scheme.

2.2.2. Shares

Classes of Share

Shares have no par value and, within each Class are entitled to participate equally in the profits arising in respect of, and in the proceeds of, the liquidation of the Company. Shares do not carry preferential or pre-emptive rights to acquire further Shares.

Further Classes of Share may be established from time to time by the ACD in accordance with the Instrument of Incorporation and the Regulations. On the introduction of any new Class, a revised prospectus will be prepared, setting out the details of each Class.

The currency in which each new Class of Shares will be denominated will be determined at the date of creation and set out in the Prospectus issued in respect of the new Class of Shares.

The Company is permitted to issue income and accumulation Shares in such designations as the ACD may determine in accordance with the Instrument. Further details of the Shares presently available, including details of their criteria for subscription and fee structure, are set out in Appendix 1.

A Regular Savings Plan may be available on certain Classes of Share. Details of which Share Classes (if any) are set out in Appendix 1.

Holders of income Shares are entitled to be paid the distributable income attributed to such Shares on any relevant interim and annual allocation dates.

Holders of accumulation Shares are not entitled to be paid the income attributed to such Shares, but that income is automatically transferred to (and retained as part of) the capital assets of the Company on the relevant interim and/or annual accounting dates. This is reflected in the price of an accumulation Share.

Net Shares are Shares in respect of which income allocated to them is distributed periodically to the relevant Shareholders (in the case of income Shares) or credited periodically to capital (in the case of accumulation Shares), in either case in accordance with relevant tax law, net of any tax deducted or accounted for by the Company. Gross Shares are income or accumulation Shares where, in accordance with relevant tax law, distribution or allocation of income is made without any tax being deducted or accounted for by the Company. All references in this Prospectus are to net Shares unless otherwise stated.

Shareholders are entitled (subject to certain restrictions) to Switch all or part of their Shares in a Class for Shares of another Class. Details of this

switching facility and the restrictions are set out in paragraph 3.4 "Switching".

3. BUYING, REDEEMING AND SWITCHING SHARES

The dealing office of the ACD is normally open from 9.00 a.m. to 5.00 p.m. (London time) on each business day to receive postal requests for the purchase, sale and switching of Shares. The ACD may vary these times at its discretion.

Applications may be made by completing an application form and delivering it to the ACD, marked for the attention of Investment Fund Services Limited, Marlborough House, 59 Chorley New Road, Bolton BL1 4QP, by facsimile on 01204 533 045 or by email to dealing@ifslfunds.com. The ACD may also, at its sole discretion, accept instructions by telephone on 0808 164 5458 (overseas +44 1204 329 443) between 9.00am and 5.00pm on any Business Day on such terms as it may specify. Application forms are available from the ACD at its website at www.ifslfunds.com or by telephone on 0808 178 9321 (overseas +44 1204 803 932). The ACD may require telephone or electronic requests to be confirmed in writing.

Telephone calls will be recorded. The ACD may also, at its discretion, introduce further methods of dealing in Shares in the future.

In its dealings in Shares of the Company the ACD is dealing as principal. The ACD does not actively seek to make a profit from dealing in Shares as principal but does so in order to facilitate the efficient management of the Company. The ACD is not accountable to Shareholders for any profit it makes from dealing in Shares as principal.

3.1. Money laundering

As a result of legislation in force in the UK to prevent money laundering, the ACD is responsible for compliance with anti-money laundering regulations. In order to implement these regulations, in certain circumstances investors may be asked to provide proof of identity when buying or redeeming Shares. Until satisfactory proof of identity is provided, the ACD reserves the right to refuse to issue Shares, pay the proceeds of a redemption of Shares, or pay income on Shares to the investor. In the case of a purchase of Shares where the applicant is not willing or is unable to provide the information requested within a reasonable period, the ACD also reserves the right to sell the Shares purchased and return the proceeds to the account from which the subscription was made. These proceeds may be less than the original investment.

The ACD will, where possible, verify identity using information from credit reference agencies. Where this is not possible or where the ACD decides, at its own discretion, that it is appropriate further documentation will be requested.

3.2. Buying Shares

3.2.1. Procedure

Shares may be bought directly from the ACD or through a professional adviser or other intermediary. Any intermediary who recommends an investment in the Company to Shareholders may be entitled to receive commission from the ACD (where permitted under the FCA Handbook). An ongoing commission, based on the value of Shares held may also be paid to qualifying intermediaries. In addition, the ACD may from time to time make arrangements to allow Shares to be bought through other communication media. For details of dealing charges see paragraph 3.5 below. Application forms may be obtained from the ACD.

Valid applications to purchase Shares in the Company will be processed at the Share price calculated, based on the Net Asset Value per Share, at the next Valuation Point following receipt of the application, except in the case where dealing in the Company has been suspended as set out in paragraph 3.10.

The ACD, at its discretion, has the right to cancel a purchase deal if settlement is materially overdue and any loss arising on such cancellation shall be the liability of the applicant. For postal applications payment in full must accompany the instruction. At the ACD's discretion, payment for large purchases of Shares may be made by telegraphic transfer.

A purchase of Shares in writing or by telephone or any other communication media made available is a legally binding contract. Applications to purchase, once made are, except in the case where cancellation rights are applied, irrevocable. However, subject to its obligations under the Regulations, the ACD has the right to reject, on reasonable grounds relating to the circumstances of the applicant, any application for Shares in whole or part, and in this event the ACD will return any money sent, or the balance of such monies, at the risk of the applicant.

Applicants who have received advice may have the right to cancel their application to buy Shares at any time during the 14 days after the date on which they receive a cancellation notice from the ACD. If an applicant (except for those investors who subscribe through the Regular Savings Plan) decides to cancel the contract, and the value of the investment has fallen at the time the ACD receives the completed cancellation notice, they will not receive a full refund as an amount equal to any fall in value will be deducted from the sum originally invested. Investors who invest

through the Regular Savings Plan will be entitled to cancel their first subscription only; if a Regular Saver decides to cancel their contract within 14 days after the date on which they receive the cancellation notice then they will receive back the full amount of their initial subscription. The ACD may extend cancellation rights to other investors but is under no obligation to do so.

3.2.2. Documents the buyer will receive

A confirmation giving details of the number and price of Shares bought will be issued no later than the end of the business day following the Valuation Point by reference to which the price is determined, together with, where appropriate, a notice of the applicant's right to cancel.

Registration of Shares can only be completed by the ACD upon receipt of any required registration details. These details may be supplied in writing to the ACD or by returning to the ACD the properly completed registration form and copy of the confirmation.

Settlement is due within 4 business days of the Valuation Point. An order for the purchase of Shares will only be deemed to have been accepted by the ACD once it is in receipt of cleared funds for the application. If settlement is not made within a reasonable period, then the ACD has the right to cancel any Shares issued in respect of the application.

Share certificates will not be issued in respect of Shares. Ownership of Shares will be evidenced by an entry on the Register. Tax vouchers in respect of periodic distributions on Shares will show the number of Shares held by the recipient.

3.2.3. Regular Savings Plan

The ACD may make available certain Classes of Shares through the Regular Savings Plan (details of current Classes of Shares which are available are shown in Appendix 1). Further information on how to invest through the Regular Savings Plan is available from the ACD.

3.2.4. Minimum subscriptions and holdings

The minimum initial subscriptions, subsequent subscriptions and holdings levels for each Class of Shares are set out in Appendix 1.

The ACD may at its sole discretion accept subscriptions and/or holdings lower than the minimum amount(s).

If following a redemption, Switch or transfer, a holding in any Class of Share should fall below the minimum holding for that Class, the ACD has

the discretion to effect a redemption of that Shareholder's entire holding in that Class of Share. The ACD may use this discretion at any time. Failure not to do so immediately after such redemption, Switch or transfer does not remove this right.

3.3. Redeeming Shares

3.3.1. Procedure

Every Shareholder is entitled on any Dealing Day to redeem its Shares, which shall be purchased by the ACD dealing as principal.

Valid instructions to the ACD to redeem Shares will be processed at the Share price calculated, based on the Net Asset Value per Share, at the next Valuation Point following receipt of the instruction, except in the case where dealing in the Company has been suspended as set out in paragraph 3.10.

A redemption instruction in respect of Shares in writing or by telephone or any other communication media made available is a legally binding contract. However, an instruction to the ACD to redeem Shares, although irrevocable, may not be settled by either the Company or the ACD if the redemption represents Shares where the money due on the earlier purchase of those Shares has not yet been received or if insufficient documentation or anti-money laundering information has been received by the ACD.

For details of dealing charges see paragraph 3.5 below.

Where the ACD decides to close a Share class, the ACD may mandatorily redeem a Shareholder's investment. The ACD will provide Shareholders with no less than 30 days' notice prior to the redemption.

3.3.2. Documents a redeeming Shareholder will receive

A confirmation giving details of the number and price of Shares redeemed will be sent to the redeeming Shareholder (or the first named Shareholder, in the case of joint Shareholders) together with (if sufficient written instructions have not already been given) a form of renunciation for completion and execution by the Shareholder (or, in the case of a joint holding, by all the joint Shareholders) no later than the end of the business day following the Valuation Point by reference to which the price is determined.

Payment of redemption proceeds will normally be made by cheque to the first named Shareholder (at their risk), or, at the ACD's discretion,

via telegraphic transfer in accordance with any instruction received (the ACD may recover any bank charge levied on such transfers). Instructions to make payments to third parties (other than intermediaries associated with the redemption) will not normally be accepted.

Such payment will be made within four business days of the later of (a) receipt by the ACD of the form of renunciation (or other sufficient written instructions) duly signed and completed by all the relevant Shareholders together with any other documentation and appropriate evidence of title, any required anti-money laundering related documentation, and (b) the Valuation Point following receipt by the ACD of the request to redeem.

3.3.3. **Minimum redemption**

Part of a Shareholder's holding may be redeemed but the ACD reserves the right to refuse a redemption request if the value of the Shares to be redeemed is less than the minimum stated in respect of the appropriate Class in question (see Appendix 1).

3.3.4. **Dilution Adjustment**

What is 'dilution'? - Where the Company buys or sells underlying investments in response to a request for the issue or redemption of Shares, they will generally incur a cost (diluting the value of the Company), made up of dealing costs and any spread between the bid and offer prices of the investments concerned, which is not reflected in the purchase or redemption price paid by or to the Shareholder and which is referred to as "dilution".

To mitigate the effect of dilution on the Company as explained above, the ACD will recover the costs of dilution from investors on the issue or redemption of Shares in the Company. Instead of making a separate charge to investors when Shares in the Company are bought and sold, COLL permits the ACD to move the price at which Shares are bought or sold on any given day. The single price can be swung higher or lower at the discretion of the ACD on the sale or redemption of Shares in the Company. This price movement from the mid-market price is known as the dilution adjustment. Any dilution adjustment applied is included in the price applied to the deal and is not disclosed separately.

The dilution adjustment for the Company will be calculated by reference to the estimated costs of dealing in the underlying investments of the Company, including any dealing spreads, commission and transfer taxes. The need to apply the dilution adjustment will depend on the volume of sales (Shares issued) or redemptions.

What is the ACD's policy regarding dilution adjustment?

Where applied, the amount of any swing is based on the estimated costs of dealing in the underlying investments of the Company, including any dealing spreads, taxes or broker commissions (for example). In particular, the ACD may swing the price (make a dilution adjustment) in the following circumstances:

- in the case of a "large deal" relative to the Company's size, where the potential cost to that Company justifies the application of an adjustment;
- if the net effect of Share issues and redemptions during the period between two valuation points represents a potential impact on ongoing Shareholders;
- where a Company is in decline (i.e. is experiencing a net outflow of investment);
- where there are inflows into a Company (i.e. is experiencing a net inflow of investment);
- in any other case where the ACD believes that adjusting the Share price is required to safeguard the interests of Shareholders.

As the requirement to swing the price is directly related to the net issue and sale of Shares in the Company, it is not possible to accurately predict when or how often dilution will occur in the future, however the ACD anticipates this to be infrequent.

How will it affect Shareholders? On the occasions that the dilution adjustment is not applied there may be an adverse impact on the total assets of the Company which may otherwise constrain the future growth of the Company. The ACD's dilution policy was introduced on 25th March 2021 for the Company, therefore historic information on dilution adjustments made to Share prices is not currently available and as a result the ACD is unable to accurately predict the likelihood of a dilution adjustment being applied, however the ACD anticipates this to be infrequent. Any dilution adjustment will be applied consistently and, in the usual course of business, automatically.

The ACD estimates dilution adjustments applicable to the redemption and purchase of Shares will be -1.7971% and 1.7972% respectively, based on the assets held in the Company and the market conditions at the 3rd December 2020.

The ACD's decision on whether or not to make a dilution adjustment, and at what level a dilution adjustment might be made in a particular case or generally, will not prevent it from making a different decision on future similar transactions.

The ACD will review the dilution adjustment on a quarterly basis, however it may at its discretion re-evaluate the adjustment in the event of significant market movement. The ACD may alter its current dilution adjustment policy by giving Shareholders notice and amending the prospectus at least 60 days before the change to the dilution policy is to take effect.

3.4. **Switching**

Subject to any restrictions on the eligibility of investors for a particular Share Class, a Shareholder may at any time Switch all or some of their Shares of one Class ("the **Original Shares**") for Shares of another Class ("the **New Shares**") in the Company. The number of New Shares issued will be determined by reference to the respective prices of New Shares and Original Shares at the Valuation Point applicable at the time the Original Shares are redeemed and the New Shares are issued.

Telephone switching instructions may be given but Shareholders are required to provide written instructions to the ACD (which, in the case of joint Shareholders, must be signed by all the joint Shareholders) before switching is effected.

The ACD may at its discretion make a charge on the switching of Shares between Classes. Any such charge on switching does not constitute a separate charge payable by a Shareholder, but is rather the application of any redemption charge on the Original Shares and any initial charge on the New Shares, subject to certain waivers. For details of the charges on switching currently payable, please see paragraph 3.5.3 "Charges on Switching".

If a partial Switch would result in the Shareholder holding a number of Original Shares or New Shares of a value which is less than the minimum holding in the Class concerned, the ACD may, if it thinks fit, convert the whole of the applicant's holding of Original Shares to New Shares (and make a charge on switching on such conversion) or refuse to effect any Switch of the Original Shares. Save as otherwise specifically set out, the general provisions on procedures relating to redemption will apply equally to a Switch. Written instructions must be received by the ACD before the Valuation Point on a Dealing Day to be dealt with at the prices at the Valuation Point on that Dealing Day or at such other Valuation Point as the ACD at the request of the Shareholder giving the relevant instruction may agree. Switching requests received after a Valuation Point will be held over until the next day which is a Dealing Day.

The ACD may adjust the number of New Shares to be issued to reflect the application of any charge on switching together with any other charges or levies in respect of the application for the New Shares or redemption of the Original Shares as may be permitted pursuant to the COLL Sourcebook.

A Shareholder who Switches Shares between Classes of Shares will not be given a right by law to withdraw from or cancel the transaction.

In certain circumstances the ACD may mandatorily convert a Shareholder's investment from one Share Class into another Share Class. The ACD will only undertake such a conversion where the proposed Share Class has identical or preferential terms and the ACD will provide Shareholders with no less than 60 days' notice.

3.5. Dealing Charges

The price per Share at which Shares are bought, redeemed or switched is the Net Asset Value per Share. Any initial charge or redemption charge, (or SDRT on a specific deal, if applicable) is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

3.5.1. Initial Charge

The ACD may impose a charge on the purchase of Shares in each Class. The current initial charge is calculated as a percentage of the price of a Share is set out in Appendix 1. The ACD may waive or discount the initial charge at its discretion.

The initial charge (which is deducted from subscription monies) is payable by the Shareholder to the ACD.

The current initial charge of a Class may only be increased in accordance with the Regulations.

From the initial charge received, or out of its other resources, the ACD may pay a commission to relevant intermediaries where permitted to do so by the Regulations, including the Investment Manager and its Associates.

3.5.2. Redemption Charge

The ACD may make a charge on the redemption of Shares in each Class. At present, no redemption charge is levied.

The ACD may only introduce a redemption charge in accordance with the Regulations. Also, if such a charge was introduced, it would not apply

to Shares issued before the date of the introduction (i.e., those not previously subject to a redemption charge).

3.5.3. Charges on Switching

On the switching of Shares between Classes in the Company the Instrument of Incorporation authorises the Company to impose a charge on switching.

There is currently no charge for switching Shares in one Class for Shares in another Class.

3.5.4. Stamp duty reserve tax ("SDRT")

There is generally no stamp duty reserve tax (SDRT) charge on the acquisition or surrender of Shares but SDRT can arise on:

- Third party transfers of Shares without reregistration

Where a third party buys Shares from a Shareholder and the transaction is not handled by the ACD (i.e. a third party purchase where only beneficial ownership of the Shares change) then the principal SDRT charge on agreements to transfer for consideration will still apply at 0.5%.

- Non-pro rata in specie redemptions

Non-pro rata in specie redemptions are subject to the principal SDRT charge at 0.5% on any chargeable securities acquired by the redeeming Shareholder.

3.6. Transfers

In the event of a change to UK law on SDRT, the ACD reserves the right to make a SDRT charge to the Shareholders or to the Scheme. A notification to Shareholders will be made in the event of such a change.

Shareholders are entitled to transfer their Shares to another person or body. All transfers must be in writing in the form of an instrument of transfer approved by the ACD for this purpose. Completed instruments of transfer must be returned to the ACD in order for the transfer to be registered by the ACD. The ACD may refuse to register a transfer unless any provision for SDRT due has been paid.

3.7. Restriction and Compulsory Transfer and Redemption

The ACD may from time to time impose such restrictions as it may think necessary for the purpose of ensuring that no Shares are acquired or held by any person in

breach of the law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory or which would result in the Company incurring any liability to taxation which the Company is not able to recoup itself or suffering any other adverse consequence. In this connection, the ACD may, inter alia, reject in its discretion any application for the purchase, redemption, transfer or switching of Shares.

If it comes to the notice of the ACD that any Shares ("affected Shares"):

- (a) are owned directly or beneficially in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory; or
- (b) would result in the Company incurring any liability to taxation which the Company would not be able to recoup itself or suffering any other adverse consequence (including a requirement to register under any securities or investment or similar laws or governmental regulation of any country or territory);
- (c) are held in any manner by virtue of which the Shareholder or Shareholders in question is/are not qualified to hold such Shares;
- (d) are owned by a Shareholder who is registered in a jurisdiction (where the Company is not registered or recognised by the relevant competent authority) whereby communication with that Shareholder by the ACD, on behalf of the Company, might constitute a breach of the regulations in that jurisdiction (unless specific action is taken by the ACD to prevent such a communication constituting a breach).

(or where the ACD reasonably believes that any of the circumstances listed (a) to (d) above may arise) the ACD may give notice to the Shareholder(s) of the affected Shares requiring the transfer of such Shares to a person who is qualified or entitled to own them or that a request in writing be given for the redemption of such Shares in accordance with the COLL Sourcebook. If any Shareholder upon whom such a notice is served does not within 30 days after the date of such notice transfer their affected Shares to a person qualified to own them or submit a written request for their redemption to the ACD or establish to the satisfaction of the ACD (whose judgement is final and binding) that they or the beneficial owner is qualified and entitled to own the affected Shares, they shall be deemed upon the expiry of that 30 day period to have given a request in writing for the redemption or cancellation (at the discretion of the ACD) of all the affected Shares.

A Shareholder who becomes aware that they are holding or owns affected Shares shall immediately, unless they have already received a notice as set out above, either transfer all their affected Shares to a person qualified to own them or submit a request in writing to the ACD for the redemption of all their affected Shares.

Where a request in writing is given or deemed to be given for the redemption of affected Shares, such redemption will (if effected) be effected in the same manner as provided for in COLL.

3.8. Deferred redemption

If redemptions in the Fund on a particular Dealing Day exceed 10% of the Fund's value, the ACD may, with the prior agreement of the Company's Depositary, or if the Depositary so requires, defer redemptions to the next valuation point in accordance with the FCA's COLL rules.

Any such deferral is undertaken in such a manner as to ensure the consistent treatment of all Shareholders who have sought to redeem Shares at the valuation point at which redemptions are deferred. All deals relating to the earlier valuation point are completed before these relating to a later valuation point are considered.

The intention of a deferred redemption is to reduce the impact of dilution on the Fund. In times of high levels of redemption, deferred redemption enables the ACD to protect the interests of continuing Shareholders and potential Shareholders, by allowing the ACD to match the sale of the Fund's property to the level of redemptions of Shares in the Fund.

3.9. Issue of Shares in exchange for in specie assets

The ACD may arrange for the Company to issue Shares in exchange for assets other than cash, but will only do so where the Depositary has taken reasonable care to determine that the Company's acquisition of those assets in exchange for the Shares concerned is not likely to result in any material prejudice to the interests of Shareholders.

The ACD will ensure that the beneficial interest in the assets is transferred to the Company with effect from the issue of the Shares.

The ACD will not issue Shares in exchange for assets the holding of which would be inconsistent with the investment objective or policy of the Company.

3.10. In specie redemptions

If a Shareholder requests the redemption of Shares, the ACD may, if it considers the deal is substantial in relation to the total size of the Fund, arrange for the Fund to cancel the Shares and transfer Scheme Property to the Shareholder instead of paying the price of the Shares in cash, or, if required by the Shareholder, pay the net proceeds of sale of the relevant Scheme Property to the Shareholder.

A deal involving Shares representing 5% or more in value of the Fund will normally be considered substantial. However, the ACD may at its discretion agree an in

specie redemption with a Shareholder whose Shares represent less than 5% in value of the Fund.

In such cases, the ACD will serve a notice on the Shareholder within two Business Days of receipt of the redemption instruction that it proposes to make an in specie redemption and setting out the Scheme Property to be transferred to the Shareholder. The Shareholder may within four Business Days of receiving the notice serve a notice on the ACD requiring the ACD to sell the selected Scheme Property and pay the proceeds to the Shareholder.

The ACD will select the property to be transferred (or sold) in consultation with the Company's Depositary. The ACD must ensure that the property selection is made with a view to achieving no greater advantage or disadvantage to the redeeming Shareholder than to continuing Shareholders.

3.11. Suspension of dealings in the Company

The ACD may, with the prior agreement of the Company's Depositary, or must if the Depositary so requires, temporarily suspend, without prior notice to Shareholders, the issue, cancellation, sale and redemption of Shares in the Company, if the ACD or the Depositary is of the opinion that due to exceptional circumstances there is good and sufficient reason to do so, having due regard to the interests of Shareholders. For example, but without limitation, on the closure or suspension of dealing on a relevant stock exchange, or the inability of the ACD to ascertain properly the value of any or all of the assets or realise any material part of the assets of the Fund.

The ACD will notify Shareholders as soon as it is practicable of any decision to suspend dealings and the exceptional circumstances which have led to the decision to do so. The ACD and Depositary will keep the suspension under ongoing review and will conduct a formal review of the reasons for the suspension at least every 28 days. Shareholders will be kept informed in writing of updates concerning any suspension. The FCA will be notified immediately of any suspension of dealing in Shares and will be kept informed of the results of the formal reviews conducted by the ACD and Depositary.

Re-calculation of the Share price for the purpose of dealings in Shares will commence on the next valuation point following the ending of the suspension.

During any suspension, the ACD will permit a Shareholder to withdraw any redemption request provided that this withdrawal is in writing and is received before the period of suspension ends. Any redemption request not withdrawn will be dealt with on the first Dealing Day following the end of the suspension.

3.12. **Governing law**

The Company, the Instrument, this Prospectus and any matters arising out of or in connection with a Shareholder's investment in the Company and the establishment, management and administration of the Company shall be governed by and construed in accordance with the laws of England and Wales. The rights of the Shareholders and the construction and effect of the provisions of the Instrument and this Prospectus shall be subject to the exclusive jurisdiction of the courts of England and Wales.

4. **VALUATION OF THE COMPANY**

4.1. **General**

The price of a Share is calculated by reference to the Net Asset Value of the Company. Valuations of the Scheme Property for the purpose of the calculations of Share prices will be carried out in accordance with the rules for single-priced funds in COLL. The Net Asset Value per Share is currently calculated at 12.00 noon (London time) (this being the Valuation Point) on each Dealing Day.

The ACD may at any time during a business day carry out an additional valuation if it considers it desirable to do so and may use the price obtained at such additional valuation points as the price for the relevant days. The ACD shall inform the Depositary of any decision to carry out any such additional valuation. Valuations may be carried out for effecting a scheme of amalgamation or reconstruction which do not create a Valuation Point for the purposes of dealings. Where permitted and subject to the Regulations, the ACD may, in certain circumstances (for example where a significant event has occurred since the closure of a market) substitute a price with a more appropriate price which in its opinion reflects a fair and reasonable price for that investment.

The ACD will, upon completion of each valuation, notify the Depositary of the price of Shares, of each Class of the Company.

A request for dealing in Shares must be received by the Valuation Point on a particular Dealing Day in order to be processed on that Dealing Day. A dealing request received after this time will be held over and processed on the next Dealing Day, using the Net Asset Value per Share calculated as at the Valuation Point on that next Dealing Day.

4.2. **Calculation of the Net Asset Value**

The value of the Scheme Property shall be the value of its assets less the value of its liabilities determined in accordance with the following provisions:

- 4.2.1. All the Scheme Property (including receivables) is to be included, subject to the following provisions.
- 4.2.2. Scheme Property which is not cash (or other assets dealt with in paragraph 4.2.2.4 below) shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:
- 4.2.2.1. Units or shares in a collective investment scheme:
- 4.2.2.1.1. if a single price for buying and redeeming units or shares is quoted, at that price; or
 - 4.2.2.1.2. if separate buying and redemption prices are quoted, at the average of the two prices provided the buying price has been reduced by any initial charge included therein and the redemption price has been increased by any exit or redemption charge attributable thereto; or
 - 4.2.2.1.3. if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists or if the most recent price available does not reflect the ACD's best estimate of the value of the units or shares, at a value which, in the opinion of the ACD, is fair and reasonable;
- 4.2.2.2. exchange traded derivative contracts:
- 4.2.2.2.1. if a single price for buying and selling the exchange traded derivative contract is quoted, at that price; or
 - 4.2.2.2.2. if separate buying and selling prices are quoted, at the average of the two prices;
- 4.2.2.3. over the counter derivative contracts shall be valued in accordance with the method of valuation as shall have been agreed between the ACD and the Depositary;
- 4.2.2.4. Any other transferable security:
- 4.2.2.4.1. if a single price for buying and redeeming the security is quoted, at that price; or
 - 4.2.2.4.2. if separate buying and redemption prices are quoted, at the average of the two prices; or
 - 4.2.2.4.3. if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists or if the most recent price available does not reflect the ACD's best

estimate of the value of the security, at a value which, in the opinion of the ACD, is fair and reasonable;

4.2.2.5. Scheme Property other than that described in paragraphs 4.2.2.1 and 4.2.2.4 above, at a value which, in the opinion of the ACD, is fair and reasonable;

4.2.2.6. Cash and amounts held in current and deposit accounts and in other time related deposits shall be valued at their nominal values.

4.2.3. In determining the value of the Scheme Property, all instructions given to issue or cancel Shares shall be assumed to have been carried out (and any cash paid or received) whether or not this is the case.

4.2.4. Subject to paragraphs 4.2.6 and 4.2.7 below, agreements for the unconditional sale or purchase of Scheme Property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required to have been taken. Such unconditional agreements need not be taken into account if made shortly before the valuation takes place and if, in the opinion of the ACD, their omission will not materially affect the final net asset amount.

4.2.5. Futures or contracts for differences which are not yet due to be performed and unexpired and unexercised written or purchased options shall not be included under paragraph 4.2.5.

4.2.6. All agreements are to be included under paragraph 4.2.5 which are, or ought reasonably to have been, known to the person valuing the Scheme Property.

4.2.7. An estimated amount for anticipated tax liabilities at that point in time including (as applicable and without limitation) capital gains tax, income tax, corporation tax, VAT, stamp duty, SDRT and any foreign taxes or duties shall be deducted.

4.2.8. An estimated amount for any liabilities payable out of the Scheme Property and any tax or duty thereon, treating periodic items as accruing from day to day shall be deducted.

4.2.9. The principal amount of any outstanding borrowings whenever repayable and any accrued but unpaid interest on borrowings shall be deducted.

4.2.10. An estimated amount for accrued claims for tax of whatever nature which may be recoverable shall be added.

4.2.11. Any other credits or amounts due to be paid into the Scheme Property shall be added.

4.2.12. A sum representing any interest or any income accrued due or deemed to have accrued but not received shall be added.

4.2.13. Currencies or values in currencies other than Sterling shall be converted at the relevant Valuation Point at a rate of exchange that is not likely to result in any material prejudice to the interests of Shareholders or potential Shareholders.

4.3. Price per Share in each Class

The price per Share at which Shares are bought or are redeemed is the Net Asset Value per Share. Any initial charge or redemption charge, (or SDRT on a specific deal, if applicable) is payable in addition to the price or deducted from the proceeds and is taken from the gross subscription or redemption monies.

Each allocation of income made in at a time when more than one Class is in issue shall be done by reference to the relevant Shareholder's proportionate interest in the income property of the Company calculated in accordance with the Instrument of Incorporation.

4.4. Pricing basis

The ACD deals on a forward pricing basis. A forward price is the price calculated at the next Valuation Point after the purchase or redemption is deemed to be accepted by the ACD on the relevant Dealing Day. As noted above, Shares in the Company are single-priced.

4.5. Publication of Prices

The prices of Shares for each Class of Share in the Company will be published daily on the website www.ifslfunds.com and on www.fundlistings.com. Alternatively, all the prices of Shares in the Company may be obtained by telephoning the ACD on 0808 145 2500. Also, Class C Accumulation Share prices will be published in the Financial Times.

5. RISK FACTORS

Potential investors should consider the following risk factors before investing in the Company.

5.1. General

The investments of the Company are subject to normal market fluctuations and other risks inherent in investing in securities. There can be no assurance that any appreciation in the value of investments will occur. The value of investments and the income derived from them may fall as well as rise and investors may not recoup the original amount they invest in the Company. There is no certainty that

the investment objective will actually be achieved and no warranty or representation is given to this effect. The level of any yield may be subject to fluctuations and is not guaranteed.

5.2. Effect of Initial Charge or Redemption Charge

Where an initial charge or redemption charge is imposed, an investor who realises their Shares may not (even in the absence of a fall in the value of the relevant investments) realise the amount originally invested.

In particular, where a redemption charge is payable, investors should note that the percentage rate at which the redemption charge is calculated is based on the market value rather than the initial value of the Shares. If the market value of the Shares has increased the redemption charge will show a corresponding increase. Currently there is no redemption charge levied on Shares.

The Shares therefore should be viewed as medium to long term investments.

5.3. SDRT provision

Certain investment transactions can result in the payment of SDRT. When such payment results in the diminution in value of the Shares, an additional charge may be levied in addition to the price of the Shares when issued or deducted when sold.

5.4. Suspension of Dealings in Shares

Investors are reminded that in certain circumstances their right to redeem Shares (including a redemption by way of switching) may be suspended.

5.5. Currency Exchange Rates

Currency fluctuations may adversely affect the value of investments and the income thereon and, depending on an investor's currency of reference, currency fluctuations may adversely affect the value of their investment in Shares.

5.6. Derivatives

The Investment Manager may employ derivatives in the pursuit of the investment objectives but solely for the purposes of Efficient Portfolio Management (including hedging) with the aim of reducing the risk profile of the Company.

5.7. Credit and Fixed Interest Securities

Fixed interest securities are particularly affected by trends in interest rates and inflation. If interest rates go up, the value of capital may fall, and vice versa. Inflation will also decrease the real value of capital.

The value of a fixed interest security will fall in the event of the default or reduced credit rating of the issuer. Generally, the higher the rate of interest, the higher the perceived credit risk of the issuer. High yield bonds with lower credit ratings (also known as sub-investment grade bonds) are potentially more risky (higher credit risk) than investment grade bonds. A sub-investment grade bond has a Standard & Poor's credit rating of below BBB or equivalent.

5.8. Higher volatility and concentrated portfolios

The Company invests in one particular type of industry. Such concentration can give rise to higher risk than a fund which has spread its investments more broadly.

The Company may also simply hold a limited number of investments. Should one or more of those investments decline or be otherwise adversely affected, it may have a more pronounced effect on the Net Asset Value than if a larger number of investments were held. This may lead to a high turnover of stocks in the Company.

5.9. Price of Gold, Silver and Natural Resources

The price of gold, silver or other natural resources being developed by the companies in which the Company invests may be subject to sudden, unexpected and substantial fluctuations that may lead to significant declines in the value of the Shares concerned and the Net Asset Value of the Company.

5.10. Geological and Metallurgical Risks

Development of resources may be subject to geological and metallurgical risks.

5.11. Political and/or Environmental Risk

The investee companies may operate in countries where the ownership rights may be uncertain and development of resources themselves may be subject to disruption due to factors including civil disturbances, industrial action, interruption of power supplies, as well as adverse climatic conditions.

6. MANAGEMENT AND ADMINISTRATION

6.1. Regulatory Status

The ACD and the Investment Manager are authorised and regulated by the Financial Conduct Authority of 12 Endeavour Square, London, E20 1JN. The Depositary is authorised by the Prudential Regulation Authority and is regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

6.2. Authorised Corporate Director

6.2.1. General

The ACD is Investment Fund Services Limited a wholly owned subsidiary of Marlborough Group Holdings Limited, which is a private company limited by shares incorporated in England and Wales on 16th February 2007.

Registered Office: Marlborough House, 59 Chorley New Road, Bolton BL1 4QP.

Share Capital: It has a share capital of £10,000 issued and paid up.

Ultimate Holding Company: UFC Fund Management Plc, a company incorporated in England and Wales.

The ACD is responsible for managing and administering the Company's affairs in compliance with the COLL Sourcebook. The ACD may delegate its management and administration functions, but not responsibility, to third parties, including associates subject to the rules in the COLL Sourcebook.

It has therefore delegated to the Investment Manager the function of managing and acting as the investment manager for the investment and reinvestment of the assets of the Company (as further explained in paragraph 6.4 below).

In accordance with the Regulations the ACD has in place a number of policies which set out how it operates and manages the Company in a number of key areas. The ACD's voting policy (which sets out how and when voting rights attached to the Company's investments are to be exercised), execution policy (which sets out the procedures to be followed when transactions are carried out on behalf of the Company) and inducement policy (which sets out the types of payments, including fees, commissions and non-monetary benefits, which may be received or made by a third party in respect of the Company (where permitted under the FCA Handbook)) are available on request from the ACD.

6.2.2. **Terms of Appointment:**

The appointment of the ACD has been made under an agreement between the Company and the ACD, as amended from time to time (the "**ACD Agreement**").

Pursuant to the ACD Agreement, the ACD manages and administers the affairs of the Company in accordance with the Regulations, the Instrument of Incorporation and this Prospectus. The ACD Agreement incorporates detailed provisions relating to the ACD's responsibilities.

The ACD Agreement may be terminated by either party after the expiry of three years from the date of incorporation of the Company on not less than twelve months written notice or earlier upon the happening of certain specified events. The ACD Agreement contains detailed provisions relating to the responsibilities of the ACD and excludes it from any liability to the Company or any Shareholder for any act or omission except in the case of negligence, wilful default, breach of duty or breach of trust in relation to the Company on its part. The ACD Agreement provides indemnities to the ACD to the extent allowed by the Regulations and other than for matters arising by reason of its negligence, wilful default, breach of duty or breach of trust in the performance of its duties and obligations. Subject to certain limited exceptions set out in the Regulations, the ACD may retain the services of any person to assist it in the performance of its functions.

Details of the fees payable to the ACD are set out in paragraph 7.2 "Charges payable to the ACD" below.

The ACD is also under no obligation to account to the Depositary, the Company or the Shareholders for any profit it makes on the issue or re-issue or cancellation of Shares which it has redeemed.

The Company has no directors other than the ACD. The ACD is the manager of certain authorised unit trusts and open-ended investment companies details of which are set out in Appendix 6.

6.2.3. Remuneration Policy

The ACD has put in place a remuneration policy (the "Remuneration Policy") that is in accordance with the requirements of SYSC 19 E of the FCA. The Remuneration Policy is designed to ensure that the ACD's remuneration practices are consistent with and promote sound and effective risk management, do not encourage risk taking and are consistent with the risk profile of the Fund. The ACD considers the Remuneration Policy to be appropriate to the size, internal operations, nature scale and complexity of the Fund and in line with the risk profile, risk appetite and the strategy of the Fund.

The matters covered by the Remuneration Policy include:

- An assessment of the individual member of staff's performance;
- restrictions on the awarding of guaranteed variable remuneration;
- the balance between fixed and variable remuneration;

- any payment of remuneration in the form of Shares in the Fund;
- any mandatory deferral periods for the payment of some or all of the variable remuneration component;
- the reduction or cancellation of remuneration in the case of under performance.

The Remuneration Policy will apply to the fixed and variable (if any) remuneration received by the identified staff.

The ACD will make details of its latest Remuneration Policy available on its website, www.ifslfunds.com, including a description of how remuneration and benefits are calculated and the identity of the persons responsible for awarding the remuneration and benefits. The ACD will provide paper copies free of charge upon written request to its operating address.

In respect of any investment management delegates, the ACD requires that:(i) the entities to which such activities have been delegated are subject to regulatory requirements on remuneration that are equally as effective as those applicable under the European Securities and Market's (ESMA's) Guidelines on Sound Remuneration Policies under the UCITS Directive and AIFMD / Article 14 of the UCITS Directive; or (ii) appropriate contractual arrangements are put in place with entities to which such activities have been delegated in order to ensure that there is no circumvention of the remuneration rules set out in the ESMA Guidelines or the FCA Handbook.

6.3. The Depositary

6.3.1. Terms of Appointment

Pursuant to the agreement dated 13th October 2016 (as novated) between the Company, the ACD and the Depositary (the "Depositary Services Agreement") and for the purposes of and in compliance with the Regulations, the Depositary has been appointed as the Depositary to the Company. The appointment of the Depositary under the Depositary Services Agreement may be terminated without cause by not less than 6 months written notice provided that the Depositary Services Agreement does not terminate until a replacement Depositary has been appointed.

The Depositary, HSBC Bank plc, is a public limited company incorporated in England and Wales with company registration number 00014259. HSBC Bank plc is a wholly owned subsidiary of HSBC Holdings plc. The

Depository's registered and head office is located at 8 Canada Square, London E14 5HQ and the principal business activity of the Depository is the provision of financial services, including trustee and depository services. The Depository is authorised by the Prudential Regulation Authority and regulated by the Prudential Regulation Authority and the Financial Conduct Authority.

The fees to which the Depository is entitled are set out below under the heading "Depository's Fees and Expenses".

6.3.2. Key Duties of the Depository

The Depository provides services to the Company as set out in the Depository Services Agreement and, in doing so, shall comply with the Regulations. The Depository's duties include the following:

- 1) ensuring that the Fund's cash flows are properly monitored and that all payments made by or on behalf of applicants upon the subscription to Shares of the Fund have been received.
- 2) safekeeping of the Scheme Property, which includes (i) holding in custody all financial instruments that can be physically delivered to the Depository; and (ii) verifying the ownership of other assets and maintaining records accordingly.
- 3) ensuring that issues, redemptions and cancellations of the Shares of the Fund are carried out in accordance with the Instrument of Incorporation, the Prospectus and the Regulations.
- 4) ensuring that in transactions involving Scheme Property any consideration is remitted to the Fund within the usual time limits.
- 5) ensuring that the value of the Shares of the Fund is calculated in accordance with the Regulations.
- 6) carrying out the instructions of the ACD unless they conflict with the Instrument of Incorporation, the Prospectus or the Regulations.
- 7) ensuring that a Fund's income is applied in accordance with the Regulations.

6.3.3. Delegation of Safekeeping Function

The Depository may delegate its safekeeping functions subject to the terms of the Depository Services Agreement. The Depository has delegated to a number of delegates the custody of certain Scheme Property entrusted to the Depository for safekeeping in accordance with

the terms of written agreements between the Depositary and those delegates.

A list of delegates is set out in Appendix 7. Shareholders should note that the list of delegates is updated only at each Prospectus review.

6.3.4. **Conflicts**

From time to time actual or potential conflicts of interest may arise between the Depositary and its delegates. For example, such conflicts may arise; (i) where an appointed delegate is an affiliated group company and is providing a product or service to the Fund and has a financial or business interest in such product or service; or, (ii) where an appointed delegate is an affiliated group company which receives remuneration for other related products or services it provides to the Fund. The Depositary maintains a conflict of interest policy to address this.

In addition, actual or potential conflicts of interest may also arise between the Fund, the Shareholders or the ACD on the one hand and the Depositary on the other hand. For example, such actual or potential conflict may arise because the Depositary is part of a legal entity or is related to a legal entity which provides other products or services to the Fund and from which fees and profits in relation to the provision of those products or services may arise and from which the Depositary may benefit directly or indirectly. In addition, the Depositary may have a financial or business interest in the provision of such products or services, or receives remuneration for related products or services provided to the Fund or may have other clients whose interests may conflict with those of the Fund, the Shareholders or the ACD.

In particular, HSBC Bank plc may provide foreign exchange services to the Fund for which they are remunerated out of the property of the Fund. HSBC Bank plc or any of its affiliates or connected persons may also act as market maker in the investments of the Fund; provides broking services to Fund and/or to other funds or companies; acts as financial adviser, banker, derivatives counterparty or otherwise provides services to the issuer of the investments of the Fund; acts in the same transaction as agent for more than one client; has a material interest in the issue of the investments of the Fund; or earns profits from or has a financial or business interest in any of these activities.

The Depositary will ensure that any such additional services provided by it or its affiliates are on terms which are not materially less favourable to the Fund than if the conflict or potential conflict had not existed.

The Depositary has a conflict of interest policy in place to identify, manage and monitor on an on-going basis any actual or potential conflict of interest. The Depositary has functionally and hierarchically separated the performance of its depositary tasks from its other potentially conflicting tasks. The system of internal controls, the different reporting lines, the allocation of tasks and the management reporting allow potential conflicts of interest and the Depositary issues to be properly identified, managed and monitored.

6.3.5. Liability of the Depositary

In general, the Depositary is liable for losses suffered by the Fund as a result of its negligence or wilful default to properly fulfil its obligations. Subject to the paragraph below, and pursuant to the Depositary Services Agreement, the Depositary will be liable to the Fund for the loss of financial instruments of the Fund which are held in its custody. The Depositary will not be indemnified out of the Scheme Property for the loss of financial instruments.

The liability of the Depositary will not be affected by the fact that it has delegated safekeeping to a third party.

The Depositary will not be liable where the loss of financial instruments arises as a result of an external event beyond the reasonable control of the Depositary, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary. The Depositary shall not be liable for any indirect, special or consequential loss.

In the event there are any changes to the Depositary's liability under the Regulations, the ACD will inform Shareholders of such changes without delay.

Shareholders have no personal right to directly enforce any rights or obligations under the Depositary Services Agreement.

6.3.6. Updated Information

Up to date information regarding the name of the Depositary, any conflicts of interest and delegations of the Depositary's safekeeping functions will be made available to Shareholders upon written request to the ACD.

6.4. The Investment Manager

6.4.1. General

The ACD has appointed the Investment Manager, Sector Investment Managers Ltd, to provide investment management services to the ACD. The Investment Manager is authorised and regulated by the Financial Conduct Authority.

The Investment Manager's registered office is at Level 1, Devonshire Road, One Mayfair Place, London W1J 8AJ.

The principal activity of the Investment Manager is the provision of investment management services.

6.4.2. Terms of Appointment:

The terms of the Investment Management Agreement between the ACD and the Investment Manager include the provision of investment management to attain the investment objectives of the Company, the purchase and sale of investments and on the exercise of voting rights relating to such investments. The Investment Manager has authority to make decisions on behalf of the ACD on a discretionary basis in respect of day to day investment management of the Scheme Property including authority to place purchase orders and sale orders with regulated dealers and preparation of the Investment Manager's report half yearly for inclusion in the Company's Report for circulation to Shareholders. Subject to the agreement of the ACD, the Investment Manager may appoint Sub-Investment Managers to discharge some or all of these duties. The Agreement may be terminated by either party on not less than six months' written notice or earlier upon the happening of certain specified events.

The Investment Manager will receive a fee paid by the ACD out of its remuneration received each month as explained in paragraph 7.4 below and is also entitled to receive commission (where permitted under the FCA Handbook) paid by the ACD in respect of investment in the Company by its clients.

The Investment Manager will not be considered as a broker fund adviser under the FCA Handbook in relation to the Company.

6.5. The Registrar

6.5.1. General

The ACD is the registrar of the Company. The Register is maintained at the ACD's offices:

Marlborough House

59 Chorley New Road
Bolton BL1 4QP

6.5.2. Register of Shareholders

The Register may be inspected at the above address during normal business hours by any Shareholder or any Shareholder's duly authorised agent.

The plan register, where applicable (being a record of persons who subscribe for Shares through ISAs) can be inspected at the office of the ACD.

6.6. The Auditors

The auditors of the Company are Ernst & Young LLP, whose address is Atria One, 144 Morrison Street, Edinburgh, EH3 8EX.

6.7. Conflicts of Interest

The ACD, the Investment Manager and other companies within the IFSL and the Investment Manager's group may, from time to time, act as investment managers or advisers to other funds or sub-funds which follow similar investment objectives to those of the Company. It is therefore possible that the ACD and/or the Investment Manager may in the course of their business have potential conflicts of interest with the Company. Each of the ACD and the Investment Manager will, however, have regard in such event to its obligations under the ACD Agreement and the Investment Management Agreement respectively and, in particular, to its obligation to act in the best interests of the Company so far as practicable, having regard to its obligations to other clients, when undertaking any investment business where potential conflicts of interest may arise.

The Depositary may act as the depositary of other open-ended investment companies and as trustee or custodian of other collective investment schemes.

7. FEES AND EXPENSES

7.1. Ongoing

All costs, charges, fees or expenses, other than the charges made in connection with the subscription and redemption of Shares (see paragraph 3.5) payable by a Shareholder or out of Scheme Property are set out in this section.

The Company may, so far as the COLL Sourcebook allows, also pay out of the Scheme Property all relevant costs, charges, fees and expenses including the following:

- 7.1.1. transaction costs including (without limitation) the fees and/or expenses incurred in acquiring, registering and disposing of investments, such as (for example) broker's commission (where permitted under the FCA Handbook), fiscal charges (including stamp duty and/or stamp duty reserve tax) and other disbursements which are necessary to be incurred in effecting transactions for the Company and normally shown in contract notes, confirmation notes and difference accounts as appropriate;
- 7.1.2. fees and expenses in respect of establishing and maintaining the register of Shareholders, including any sub-registers kept for the purpose of the administration of ISAs, are payable quarterly out of the property of the Company;
- 7.1.3. any costs incurred in or about the listing of Shares in the Company on any Stock Exchange, and the creation, conversion and cancellation of Shares;
- 7.1.4. any costs incurred by the Company in publishing the price of the Shares in a national or other newspaper or any other media;
- 7.1.5. any costs incurred in producing and dispatching any payments made by the Company, or the yearly and half-yearly reports of the Company;
- 7.1.6. any fees, expenses or disbursements of any legal or other professional adviser of the Company;
- 7.1.7. any costs incurred in taking out and maintaining an insurance policy in relation to the Company;
- 7.1.8. any costs incurred in respect of meetings of Shareholders convened for any purpose;
- 7.1.9. any payment permitted by clause 6.7.15R of the COLL Sourcebook;
- 7.1.10. interest on borrowings and charges incurred in effecting or terminating such borrowings or in negotiating or varying the terms of such borrowings;
- 7.1.11. taxation and duties payable in respect of the Scheme Property or the issue or redemption of Shares;
- 7.1.12. the audit fees of the Auditors (including VAT) and any expenses of the Auditors;
- 7.1.13. the fees of the FCA, in accordance with the FCA's Fee Manual, together with any corresponding periodic fees of any regulatory authority in a country or territory outside the United Kingdom in which Shares in the Company are or may be marketed;

- 7.1.14. any expense incurred in relation to company secretarial duties including the cost of maintenance of minute books and other documentation required to be maintained by the Company;
- 7.1.15. the total amount of any cost relating to the authorisation and incorporation of the Company and of its initial offer or issue of Shares;
- 7.1.16. any payments otherwise due by virtue of a change to the Regulations;
- 7.1.17. any value added or similar tax relating to any change or expense set out herein; and
- 7.1.18. the direct and indirect transaction and operational costs and/or fees arising from time to time as a result of the ACD's use of EPM techniques (as described in Appendix 3).

The ACD is also entitled to be paid by the Company out of the Scheme Property any expenses incurred by the ACD or its delegates of the kinds described above.

Expenses are allocated between capital and income in accordance with the Regulations. However, the approach for the Company is set out in Appendix 1. Where expenses are deducted in the first instance from income if and only if this is insufficient, deductions will be made from capital (save for any charge made in respect of SDRT under paragraph 3.5.5 "Stamp Duty Reserve Tax"). If deductions were made from capital, this would result in capital erosion and constrain growth.

7.2. Charges payable to the ACD

7.2.1. Annual Management Charge

The ACD is entitled to a periodic charge which accrues daily. This charge is calculated by reference to the value of the Company on the first or only valuation point on each Dealing Day. The periodic charge charged during a calendar month is paid to the ACD no more frequently than weekly. The periodic charge is payable by the Company from the Scheme Property attributable to the Company and is paid to the ACD by way of remuneration for its duties and responsibilities to the Company as ACD. The charge is calculated separately in relation to each class of Share linked to the Company as a percentage rate per annum of the total value of the units of entitlement in the property of the Company represented by the class on the relevant valuation date. The current annual management charges for the Company (expressed as a percentage per annum of the Net Asset Value of the Company) are set out in Appendix 1.

7.2.2. Registration Fees

The ACD (or any person to whom the ACD delegates its registrar function) is entitled to receive a fee out of the Scheme Property for providing registration services. This includes fees, expenses and disbursements relating to the establishment of any sub-register (where applicable). The charge is a fixed annual amount together with an additional amount for each Shareholder on the Register at the beginning of the accounting period concerned. The current charge is a fixed annual amount of £200 together with an additional amount of £10.75 per Shareholder.

Where applicable VAT shall be payable on these expenses in addition to the expenses themselves. Any such VAT will be chargeable out of the property of the Company.

7.2.3. Expenses

The ACD is also entitled to all reasonable, properly documented, out of pocket expenses incurred in the performance of its duties as set out above.

VAT is payable on the charges or expenses mentioned above, where appropriate.

If a Class's expenses in any period exceed its income the ACD may take that excess from the capital property attributable to that Class.

The current annual fee payable to the ACD for a Class may only be increased or a new type of remuneration introduced in accordance with the Regulations.

7.3. Depositary's fee and expenses

The Depositary receives for its own account a periodic fee which will accrue daily. The calculation of the periodic fee is based on the first or only valuation point of the Fund on each Business Day. The periodic fee charged during a calendar month is paid to the Depositary on or as soon as is reasonably practicable after the last Business Day of that calendar month, and is payable out of the property attributable to the Fund.

The rate of the periodic fee is agreed between the ACD and the Depositary from time to time and in relation to the Fund, the current agreed periodic fee is calculated on a sliding scale plus VAT of the total value of the Fund per annum.

- 0.030% per annum of the first £200 million of the Scheme Property;
- 0.015% per annum of the next £800 million of the Scheme Property;
- 0.0075% per annum of the balance over £1 billion.

The first accrual in relation to any Fund will take place in respect of the period beginning on the day on which the first valuation of the Fund is made and ending

on the last calendar day of the month in which that day falls and will be calculated based upon the first valuation point. Any material increase will only be permitted after 60 days' notice has been given to all Shareholders and the Prospectus has been revised to reflect the new current rate and the date of its commencement.

Custody and transaction charges

A custody fee is charged on the same value and accrual basis as the Depositary fee. The value is sub-divided according to the geographical spread of the portfolio and the rates set out below applied to the individual parts.

Fixed rate transaction charges (again, based on geographical spread) are charged monthly on the movement of stocks other than on corporate actions, scrip dividends or stock loans.

The current range of rates for the custody and transaction charges of the most commonly used countries are as shown below:

Ranges of Charges

Item	Range
Transaction Charges	£8 to £60
Custody Charges	0.005% to 0.14%

The custody and transaction charges are currently exempt from value added tax.

The maximum charge for a transaction charge is £175 per transaction plus VAT (if applicable). The maximum charge for the custody charge is 0.15% of the value of the Asset per annum plus VAT where applicable. The currencies and transaction and custody charges are currently exempt from VAT.

Expenses

The Depositary will also be reimbursed out of the property attributable to the Fund, expenses properly incurred in the performance of, or arranging the performance of, functions conferred on it by the Depositary Agreement, the Regulations or by the general law, including (but not limited to):

- (a) custody of assets (including overseas custody services);
- (b) the acquisition, holding and disposal of property;
- (c) the collection of dividends, interest and any other income;

- (d) the maintenance of distribution accounts;
- (e) the conversion of foreign currencies;
- (f) registration of assets in the name of the Depositary or its nominees or agents;
- (g) borrowings, stock lending or other permitted transactions;
- (h) communications with any parties (including facsimile and SWIFT);
- (i) taxation matters;
- (j) insurance matters;
- (k) dealing in derivatives; and
- (l) the Depositary's report as set out in annual reports of the Company.

Ranges of Charges

The amount or rate of any of the Depositary's fees and charges referred to above shall (unless otherwise stated) be determined by reference to the scale or tariff or other basis from time to time agreed between the ACD and the Depositary and notified to the ACD by the Depositary.

The Depositary shall be entitled to recover its fees, charges and expenses when the relevant transaction or other dealing is effected or relevant service is provided or as may otherwise be agreed between the Depositary and the Company or the ACD.

On a winding up of the Company or the redemption of a class of Shares, the Depositary will be entitled to its pro rata fees, charges and expenses to the date of the commencement of the winding up or the redemption (as appropriate) and any additional expenses necessarily realised in settling or receiving any outstanding obligations. No compensation for loss of office is provided for in the Depositary Agreement.

Any VAT on any fees, charges or expenses payable to the Depositary will be added to such fees, charges or expenses.

Allocation of Expenses

The ACD has the discretion to allocate any fees, liabilities, expenses, costs or charges in a manner which is fair to the Shareholders generally. In each such case such expenses and disbursements may also be payable if incurred by any person (including the ACD or an associate or nominee of the Depositary or of the ACD)

who has had the relevant duty delegated to it pursuant to the Regulations by the Depositary.

7.4. Investment Manager's fee

The Investment Manager's fees and expenses (plus VAT thereon) for providing investment management services will be paid by the ACD out of its remuneration under the ACD Agreement.

Further details of this agreement are summarised in paragraph 6.4.2 "Terms of Appointment" above.

7.5. Allocation of fees and expenses

All the above fees, duties and charges (other than those borne by the ACD) will be charged to the Company. This includes any charges and expenses incurred in relation to the Register of Shareholders, except that these will be allocated and charged to each class of Shares on a basis agreed between the ACD and the Depositary.

Where income is insufficient to pay charges the residual amount is taken from capital.

8. INSTRUMENT OF INCORPORATION

The Instrument of Incorporation is available for inspection at the ACD's offices at Marlborough House, 59 Chorley New Road, Bolton, BL1 4QP.

9. SHAREHOLDER MEETINGS AND VOTING RIGHTS

9.1. Class and Company Meetings

The Company has dispensed with the holding of annual general meetings.

The provisions below, unless the context otherwise requires, apply to Class meetings as they apply to general meetings of the Company, but by reference to Shares of the Class concerned and the Shareholders and value and prices of such Shares.

9.2. Requisitions of Meetings

The ACD may requisition a general meeting at any time.

Shareholders may also requisition a general meeting of the Company. A requisition by Shareholders must state the objects of the meeting, be dated, be signed by Shareholders who, at the date of the requisition, are registered as holding not less than one tenth in value of all Shares then in issue and the requisition must be

deposited at the head office of the Company. The ACD must convene a general meeting no later than eight weeks after receipt of such requisition.

9.3. Notice and Quorum

Shareholders will receive at least 14 days' notice of a general meeting and are entitled to be counted in the quorum and vote at such meeting either in person or by proxy. The quorum for a meeting is two Shareholders, present in person or by proxy. The quorum for an adjourned meeting is one person entitled to be counted in a quorum. Notices of meetings and adjourned meetings will be sent to Shareholders at their registered addresses.

9.4. Voting Rights

At a general meeting, on a show of hands every Shareholder who (being an individual) is present in person or (being a corporation) is present by its representative properly authorised in that regard, has one vote.

On a poll vote, a Shareholder may vote either in person or by proxy. The voting rights attaching to each Share are such proportion of the voting rights attached to all the Shares in issue that the price of the Share bears to the aggregate price of all the Shares in issue at a reasonable date before the notice of meeting is sent out, such date to be decided by the ACD.

A Shareholder entitled to more than one vote need not, if they vote, use all their votes or cast all the votes they use in the same way.

In the case of joint Shareholders, the vote of the most senior Shareholder who votes, whether in person or by proxy, must be accepted to the exclusion of the votes of the other joint Shareholders. For this purpose seniority must be determined by the order in which the names stand in the Register.

Except where the COLL Sourcebook or the Instrument of Incorporation require an extraordinary resolution (which needs at least 75% of the votes cast at the meeting to be in favour if the resolution is to be passed) any resolution required by the COLL Sourcebook will be passed by a simple majority of the votes validly cast for and against the resolution.

The ACD may not be counted in the quorum for a meeting and neither the ACD nor any associate (as defined in the COLL Sourcebook) of the ACD is entitled to vote at any meeting of the Company except in respect of Shares which the ACD or associate holds on behalf of or jointly with a person who, if the registered Shareholder, would be entitled to vote and from whom the ACD or associate has received voting instructions.

Where all the Shares are registered to, or held by, the ACD or its associates and they are therefore prohibited from voting and a resolution (including an extraordinary resolution) is required to conduct business at a meeting, it shall not be necessary to convene such a meeting and a resolution may, with the prior written agreement of the Depositary, instead be passed with the written consent of Shareholders representing 50% or more, or for an extraordinary resolution 75% or more, of the Shares in issue.

“Shareholders” in this context means Shareholders entered on the register at a time to be determined by the ACD and stated in the notice of the meeting which must not be more than 48 hours before the time fixed for the meeting.

9.5. Variation of Class rights

The rights attached to a Class may not be varied without the sanction of an extraordinary resolution passed at a meeting of Shareholders of that Class.

10. TAXATION

10.1. General

The information below is a general guide based on current United Kingdom law and HM Revenue & Customs practice, all of which are subject to change. It summarizes the tax position of the Company and of investors who are United Kingdom resident and hold Shares as investments. Prospective investors who are in any doubt about their tax position, or who may be subject to tax in a jurisdiction other than the United Kingdom, are recommended to take professional advice.

10.2. The Company

The Company is generally exempt from United Kingdom tax on capital gains realised on the disposal of investments (including interest-paying securities and derivatives) held within it.

Dividends from United Kingdom companies (whether received directly or through another authorised investment fund) are received by the Company with a tax credit and no further tax is payable by the Company on that income. The Company will be subject to corporation tax at 20% on most other types of income but after deducting allowable management expenses and the gross amount of any interest distributions. Where the Company suffers foreign tax on income received, this may normally be deducted from the United Kingdom tax due on that income.

The Company will make dividend distributions except where over 60% of its property has been invested throughout the distribution period in interest-paying investments, in which case it will make interest distributions.

10.3. **Shareholders**

10.3.1. **Income**

Individual Shareholders

The Company will generally make dividend distributions which broadly reflect any income arising from its investments. Dividend distributions by the Company are made without deduction of income tax. The first £2,000 of dividend distributions received by individual investors in any tax year are not subject to income tax. Dividend distributions received in excess of this amount should be reported on the individual investor's Self Assessment Tax Return. For distribution amounts in excess of £2,000 in any tax year, individual investors liable to income tax at the basic rate will have an additional liability to income tax equal to 7.5% of the dividend distribution to the extent that such sum, when treated as the top slice of their income, falls above the threshold for basic rate tax. Higher rate taxpayers will have a further liability to income tax equal to 32.5% of the dividend distribution to the extent that such sum, when treated as the top slice of their income, falls above the threshold for higher rate tax. Additional rate taxpayers will have a further liability to income tax equal to 38.1% of the dividend distribution to the extent that such sum, when treated as the top slice of their income, falls above the threshold for the additional rate of tax.

Non Residents

Dividend distributions will be made gross to Shareholders who are not UK resident. Non resident Shareholders who are individuals are not liable to UK income tax on the dividend distribution. Non-UK resident Shareholders are recommended to seek professional advice as to the tax consequences of receiving a dividend distribution under the law of the jurisdiction of their residence.

Non resident trusts may be chargeable to UK income tax on distributions made by the Company and are recommended to seek professional advice.

10.3.2. **Corporate Shareholders**

Dividend distributions received by corporate Shareholders chargeable to UK corporation tax will need to be streamed into 'franked' and 'unfranked' income according to the underlying gross income of the Company.

In broad terms, the portion treated as being 'franked' will be such proportion of the Company's total income (brought into account when determining the distribution for the period in question) which consists of dividend income received which is treated as exempt under Part 9A of CTA 2009. The 'franked' portion will be treated as exempt dividend income when received by a UK resident corporate Shareholder (unless the Shareholder is treated as a dealer in securities for tax purposes). The 'unfranked' portion will be treated as an annual payment from which income tax at a rate of 20% has been deducted. A UK resident corporate Shareholder will, therefore, be subject to corporate tax at the rate applicable to that corporate Shareholder but with credit for the income tax deducted. Such Shareholders may, therefore, be liable to further tax and any ability to claim repayment of the income tax credit will be limited to the corporate Shareholder's share of the Company's liability to corporation tax for the distribution period in question.

10.3.3. **Capital Gains**

Capital gains made by individual Shareholders who are resident in the UK for tax purposes on the sale, disposal or as a result of any other chargeable event will be tax free if they fall within an individual's annual capital gains exemption. For the tax year 2020/2021, the first £12,300 of an individual's chargeable gains (that is after deduction of allowable losses) from all sources will, therefore, be exempt from capital gains tax. Subject to their personal circumstances, gains in excess of this amount are taxed at 10% for basic rate taxpayers and 20% for higher and additional rate taxpayers.

Shareholders who are non UK resident will not normally be liable to UK tax on capital gains arising on a sale, disposal or other chargeable event unless the shareholding is connected with a trade carried on by the Shareholder through a UK branch or agency or certain anti-avoidance provisions relating to temporary non-UK residence apply

Capital gains made by Shareholders liable to UK corporation tax will be taxable at the corporation tax rate applicable to that corporate Shareholder after taking account the availability of any indexation relief. The main rate of corporation tax is currently 19%.

11. WINDING UP OF THE COMPANY

The Company will not be wound up except as an unregistered company under Part V of the Insolvency Act 1986 or under the COLL Sourcebook.

Where the Company is to be wound up under the COLL Sourcebook, such winding up may only be commenced following approval by the FCA. The FCA may only give

such approval if the ACD provides a statement (following an investigation into the affairs of the Company) either that the Company will be able to meet its liabilities within 12 months of the date of the statement or that the Company will be unable to do so. The Company may not be wound up under the COLL Sourcebook if there is a vacancy in the position of ACD at the relevant time.

The Company shall be wound up must be terminated under the COLL Sourcebook:

- 11.1. if an extraordinary resolution to that effect is passed by Shareholders; or
- 11.2. when the period (if any) fixed for the duration of the Company by the Instrument of Incorporation expires, or any event occurs on the occurrence of which the Instrument of Incorporation provides that the Company is to be wound up (for example, if the Share capital of the Company is below £5 million, or if a change in the laws or regulations of any country means that, in the ACD's opinion, it is desirable to terminate the Company); or
- 11.3. on the date stated in any agreement by the FCA to a request by the ACD for the revocation of the authorisation order in respect of the Company.

On the occurrence of any of the above:

- 11.4. COLL 6.2 (Dealing), COLL 6.3 (Valuation and Pricing) and COLL 5 (Investment and borrowing powers) will cease to apply to the Company;
- 11.5. the Company will cease to issue and cancel Shares in the Company and the ACD shall cease to sell or redeem Shares or arrange for the Company to issue or cancel them for the Company;
- 11.6. no transfer of a Share shall be registered and no other change to the Register of Shareholders shall be made without the sanction of the ACD;
- 11.7. where the Company is being wound up, the Company shall cease to carry on its business except in so far as it is beneficial for the winding up of the Company;
- 11.8. the corporate status and powers of the Company and subject to 11.4 to 11.7 above, the powers of the Depositary shall continue until the Company is dissolved.

The ACD shall, as soon as practicable after the Company falls to be wound up, realise the assets and meet the liabilities of the Company and, after paying out or retaining adequate provision for all liabilities properly payable and retaining provision for the costs of winding up, arrange for the Depositary to make one or more interim distributions out of the proceeds to Shareholders proportionately to their rights to participate in the Scheme Property. If the ACD has not previously notified Shareholders of the proposal to wind up the Company, the ACD shall, as soon as practicable after the commencement of winding up of the Company, give written notice of the commencement to Shareholders. When the ACD has caused

all of the Scheme Property to be realised and all of the liabilities of the Company to be realised, the ACD shall arrange for the Depositary to make a final distribution to Shareholders on or prior to the date on which the final account is sent to Shareholders of any balance remaining in proportion to their holdings in the Company.

As soon as reasonably practicable after completion of the winding up of the Company, the Depositary shall notify the FCA that the winding up has been completed.

On completion of a winding up of the Company, the Company will be dissolved and any money (including unclaimed distributions) still standing to the account of the Company, will be paid into court by the ACD within one month of the dissolution.

Following the completion of a winding up of either the Company, the ACD must prepare a final account showing how the winding up took place and how the Scheme Property was distributed. The auditors of the Company shall make a report in respect of the final account stating their opinion as to whether the final account has been properly prepared. This final account and the auditors' report must be sent to the FCA and to each Shareholder (or the first named of joint Shareholders) on it within two months of the completion of the winding up or termination.

12. GENERAL INFORMATION

12.1. Accounting Periods

The annual accounting period of the Company ends each year on 31 August (the accounting reference date).

The ACD may even out the payments of income within an accounting period by carrying forward income otherwise distributable with a view to augmenting amounts to be paid out at a later date.

12.2. Notice to Shareholders

All notices or other documents sent by the ACD to a Shareholder will be sent by normal post to the last address notified in writing to the Company by the Shareholder.

12.3. Income Allocations

The distribution dates are 30 April and 31 October, as set out in Appendix 1.

Where income Shares are issued, payments will be made by bank automated credit system. Cheques will not be sent. Where an investor's bank details are not

known or are inaccurate, accumulation Shares will be purchased, where available, otherwise any income from income Shares will be reinvested.

For accumulation Shares, income will become part of the capital property of the Company and will be reflected in the price of each such accumulation Share as at the end of the relevant accounting period.

If a distribution made in relation to any income Shares remains unclaimed for a period of six years after it has become due, it will be forfeited and will revert to the Company.

The amount available for distribution in any accounting period is calculated by taking the aggregate of the income received or receivable in respect of that period, and deducting the charges and expenses paid or payable out of income in respect of that accounting period. The ACD then makes such other adjustments as it considers appropriate (and after consulting the Company's auditors as appropriate) in relation to taxation, income unlikely to be received within 12 months following the relevant income allocation date, income which should not be accounted for on an accrual basis because of lack of information as to how it accrues, transfers between the income and capital account and other matters.

12.4. Annual Reports

The annual report of the Company will be published and sent to Shareholders by 31 December and the interim report will be sent to Shareholders by 30 April. Copies of these long reports are available on our website at www.ifsifunds.com. Alternatively copies can be obtained free of charge from the Manager at its operating address or by calling 0808 145 2500.

12.5. Documents of the Company

The following documents may be inspected free of charge during normal business hours on any business day at the offices of the ACD at Marlborough House, 59 Chorley New Road, Bolton BL1 4QP:

- 12.5.1. the most recent annual and half yearly reports of the Company;
- 12.5.2. the Instrument of Incorporation (and any amending documents);
- 12.5.3. the Prospectus; and
- 12.5.4. the material contracts referred to below.

Shareholders may obtain copies of the above documents from the ACD. The ACD may make a charge at its discretion for copies of documents (apart from the most recent annual and half yearly long reports of the Company which are available free of charge to anyone who requests).

12.6. **Material Contracts**

The following contracts, not being contracts entered into in the ordinary course of business, have been entered into by the Company and are, or may be, material:

12.6.1. the ACD Agreement between the Company, and the ACD; and

12.6.2. the Depositary Agreement between the Company, the Depositary and the ACD.

Details of the above contracts are given under section 6 "Management and Administration".

12.7. **Provision of Investment Advice**

All information concerning the Company and about investing in Shares of the Company is available from the ACD at Marlborough House, 59 Chorley New Road, Bolton BL1 4QP. The ACD is not authorised to give investment advice and persons requiring such advice should consult a professional financial adviser. All applications for Shares are made solely on the basis of the current prospectus of the Company, and investors should ensure that they have the most up to date version.

12.8. **Telephone Recordings**

Please note that the ACD may record telephone calls for training and monitoring purposes and to confirm investors' instructions.

12.9. **Complaints**

Complaints concerning the operation or marketing of the Company may be referred to the Compliance Officer of the ACD at Marlborough House, 59 Chorley New Road, Bolton, BL1 4QP or, if you subsequently wish to take your complaint further, direct to the Financial Ombudsman Service at Exchange Tower, London, E14 9SR.

12.10. **The Financial Services Compensation Scheme**

The Financial Services Compensation Scheme has been established under the rules of the FCA as a "rescue fund" for certain clients of firms authorised and regulated by the FCA which have gone out of business. The ACD will supply a Shareholder with further details of the scheme on written request to its operating address. Alternatively, Shareholders can visit the scheme's website at www.fscs.org.uk or by writing to the Financial Services Compensation Scheme, PO Box 300, Mitcheldean, GL17 1DY.

12.11. Risk Management

The ACD will provide upon the request of a Shareholder further information relating to:

- 12.11.1. the quantitative limits applying in the risk management of the Company;
- 12.11.2. the methods used in relation to 12.10.1; and
- 12.11.3. any recent development of the risk and yields of the main categories of investment.

12.12. Indemnity

The Instrument of Incorporation contains provisions indemnifying the Directors, other officers and the Company's auditors or the Depositary against liability in certain circumstances otherwise than in respect of their negligence, default, breach of duty or breach of trust, and indemnifying the Depositary against liability in certain circumstances otherwise than in respect of its failure to exercise due care and diligence in the discharge of its functions in respect of the Company.

12.13. Data Protection

The data controller in respect of the personal data you provide on your application form (or you otherwise submit to the ACD in connection with your application for the services generally) is the ACD, who you can contact using the contact details below.

The ACD will process the personal data that you provide as set out below:

Purpose	Type of data	Basis for processing
Providing investment and administration services to you	Identity, contact and financial data	Performance of a contract with you
Carrying out identity checks, anti-money laundering checks and checks with fraud prevention agencies	Identity, contact and financial data	Necessary to comply with a legal obligation
Statistical analysis to understand how you use the ACD's services	Identity, contact, financial, transaction, technical, usage and marketing and communications data	Necessary for the ACD's legitimate interests (to improve its services and develop its business)
To inform you about updates to the service and to notify you about other products and services offered by the ACD that may be of relevance to you.	Identity, contact, usage and marketing and communications data	Necessary for the ACD's legitimate interests (to market its services and develop its business) or, if the ACD cannot rely on legitimate interest for direct electronic marketing, where

		you have given us your consent to receive such marketing.
To ask you to participate in surveys for market research purposes, and to analyse those surveys and research to benchmark our services.	Identity, contact and marketing and communications data	Necessary for our legitimate interests (to improve our services and develop our business)

The ACD strives to provide you with choices regarding certain personal data uses particularly around marketing and advertising. It is possible to opt in to receiving marketing communications by contacting the ACD using the details below. If you do not provide the ACD with the personal data that the ACD specifies is required for the supply and administration of the services, then the ACD may not be able to provide the services to you.

To the extent that it is necessary for the supply and administration of the services, the ACD may disclose your information: (a) to credit reference agencies to assess your eligibility for the product or service applied for and to verify your identity; (b) to third parties who the ACD uses to assist it in administering the Company; (c) another division or part of the ACD's group (if there is a restructuring of the ACD's business) or to the buyer of the business (if the business is sold); or (d) where the ACD is under a duty to disclose your personal data in order to comply with a legal obligation or to protect the rights, property or safety of the ACD, its associates, or others. Where an authorised financial adviser acts on your behalf, the ACD will disclose information concerning your investment to that financial adviser.

Your personal data may be processed outside the United Kingdom where it is necessary in order to provide the services to you. In each instance, the ACD will ensure that the transfer is in compliance with the requirements of applicable data protection law (such as the transfer being to a country approved as providing adequate protection; there being appropriate safeguards in place; or one of the derogations for specific situations applying to the transfer).

The ACD will keep your personal data stored on its systems for as long as it takes the ACD to provide the services to you. The ACD will retain and use your information as necessary to comply with its legal obligations, resolve disputes and enforce its rights. The ACD reviews its data retention policies regularly and will retain your personal data only as long as necessary for the purpose for which it processes that data.

Data protection legislation gives you the right to access information held about you. In the event that an access request is unfounded, excessive or especially repetitive, the ACD may charge a 'reasonable fee' for meeting that request. Similarly, the ACD may charge a reasonable fee to comply with requests for further

copies of the same information (that fee will be based upon the administrative costs of providing the information).

You are entitled to receive the personal data that you have provided to the ACD in a structured, commonly used and machine-readable format, and to transmit that data to another data controller. You can exercise your data protection rights, including your rights to access, restrict, object to the processing of, rectify and erase your personal data by writing to the ACD at: Marlborough House, 59 Chorley New Road, Bolton, BL1 4QP. If you are unhappy with the way in which your personal data is being processed you have a right to lodge a complaint with the Information Commissioner's Office. You can report your concerns by telephoning their helpline on 0303 123 1113 or through their website at <https://ico.org.uk/concerns>.

12.14. Fair Treatment of Investors

The ACD seeks to ensure the fair and equitable treatment of Shareholders by complying with the Regulations, the Fund's Instrument, and this Prospectus. The ACD employs a variety of management information to monitor both its own and its delegates' activities to ensure that the Funds perform in accordance with expectations and that Shareholders receive service and information of an acceptable standard.

As at the date of this Prospectus the ACD has not granted preferential treatment or the right to obtain preferential treatment to any investor or potential investor in the Funds. As such, all investors in the Funds will invest in the same manner and on the same terms.

APPENDIX 1

Company Details

- Name:** IFSL SIM Junior Gold & Silver Miners Fund
- Type of Fund:** UCITS Scheme
- Investment Objective and Policy:**
- The aim of the Fund is to provide capital growth, that is, to increase the value of your holding, by investing in small and medium sized companies which specialise in identifying and extracting gold and other precious metals;
 - At least 80% of the Fund will be invested in the shares of these companies.
 - The Fund may also invest in bonds issued by companies operating in this sector.
 - The companies that the Fund invests in operate in a range of jurisdictions, however the Investment Manager will avoid companies with substantial operational exposure to politically unstable regions.
 - The Investment Manager aims to invest in companies that produce from material proven reserves as well as those that have significant recent discoveries being developed towards production. The fund will also invest in companies with active exploration programmes in highly prospective areas. A strong balance sheet and experienced management are also key considerations.
 - The Fund is actively managed, which means the investment manager decides which investments to buy or sell and when.
 - The Fund may hold up to 20% in cash to enable the ready settlement of liabilities, for the efficient management of the Fund and in pursuit of the Fund's objectives.

Assessing performance

In order to assess the performance of the Fund, you may wish to compare it with the performance of the FTSE Gold Mines Index, which includes companies which operate in the same sector as the Fund. However, this should not be seen as a direct comparison, as the Fund has a specialised mandate to select only small to medium sized companies, rather than selecting from all companies making up this Index.

Accounting date: 31 August (final) and the last day in February (28/29) (interim)

Income distribution dates:	31 October (final) 30 April (interim)
Share Classes and types of shares:	Class C Retail Net Accumulation Shares Class I Institutional Accumulation Shares Class P Net Accumulation Shares
Regular Savers:	Class C Retail Net Accumulation Shares - £100 per month
Initial charge:	Class C Retail Net Accumulation Shares – 0.00% Class I Institutional Accumulation Shares – 0.00% Class P Accumulation Shares – 0.00%
Redemption Charge:	Nil

APPENDIX 2

Eligible Securities Markets and Eligible Derivatives Markets

The Company may deal through securities and derivatives markets which are regulated markets (as defined in the glossary to the FCA Handbook) or markets established in an EEA State which are regulated, operate regularly and are open to the public (excluding Cyprus and Slovenia).

The Company may also deal through the securities markets and derivatives markets indicated below

Eligible Securities Markets:

Any EEA State (which as at the date of this Prospectus includes Austria, Belgium, Bulgaria, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of Cyprus, Romania, Slovakia, Slovenia, Spain and Sweden)

United States of America	NYSE NASDAQ Stock Exchange NYSE MKT
Australia	Australian Securities Exchange
Canada	Toronto Stock Exchange TSX Venture Exchange
United Kingdom	London Stock Exchange The Alternative Investment Market of the London Stock Exchange (AIM)

Eligible Derivatives Markets:

NYSE Amex Options
Chicago Board of Trade
Chicago Board Options Exchange
Australian Securities Exchange

APPENDIX 3

Investment and Borrowing Powers of the Company

1. General

The Scheme Property will be invested with the aim of achieving the investment objective of the Company but subject to the limits set out in the Company's investment policy and the limits set out in Chapter 5 of the COLL Sourcebook ("COLL 5") and this Prospectus.

From time to time and in particular during periods of uncertain or volatile markets, the Investment Manager may choose to hold a substantial proportion of the property of the Company in money-market instruments and/or cash deposits.

1.1. Prudent spread of risk

The ACD must ensure that, taking account of the investment objective and policy of the Company, the Scheme Property aims to provide a prudent spread of risk.

1.2. Cover

1.2.1. Where the COLL Sourcebook allows a transaction to be entered into or an investment to be retained only (for example, investment in nil and partly paid securities and the general power to accept or underwrite) if possible obligations arising out of the investment transactions or out of the retention would not cause any breach of any limits in COLL 5, it must be assumed that the maximum possible liability of the Company under any other of those rules has also to be provided for.

1.2.2. Where the COLL Sourcebook permits an investment transaction to be entered into or an investment to be retained only if that investment transaction, or the retention, or other similar transactions, are covered:

1.2.2.1. it must be assumed that in applying any of those rules, the Company must also simultaneously satisfy any other obligation relating to cover; and

1.2.2.2. no element of cover must be used more than once.

2. UCITS Schemes - general

2.1. Subject to the investment objective and policy of the Company, the Scheme Property must, except where otherwise provided in COLL 5, only consist of any or all of:

2.1.1. transferable securities;

- 2.1.2. approved money-market instruments;
- 2.1.3. permitted units in collective investments schemes;
- 2.1.4. permitted derivatives and forward transactions; and
- 2.1.5. permitted deposits.

2.2. It is not intended that the Company will have an interest in any immovable property or tangible movable property.

3. Transferable Securities

- 3.1. A transferable security is an investment falling within article 76 (Shares etc), article 77 (Instruments creating or acknowledging indebtedness), article 78 (Government and public securities), article 79 (Instruments giving entitlement to investments) and article 80 (Certificates representing certain securities) of the Regulated Activities Order.
- 3.2. An investment is not a transferable security if the title to it cannot be transferred, or can be transferred only with the consent of a third party.
- 3.3. In applying paragraph 3.2 of this Appendix to an investment which is issued by a body corporate, and which is an investment falling within articles 76 (Shares, etc) or 77 (Instruments creating or acknowledging indebtedness) of the Regulated Activities Order, the need for any consent on the part of the body corporate or any members or debenture holders of it may be ignored.
- 3.4. An investment is not a transferable security unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the investment.
- 3.5. The Company may invest in a transferable security only to the extent that the transferable security fulfils the following criteria:
 - 3.5.1. the potential loss which the Company may incur with respect to holding the transferable security is limited to the amount paid for it;
 - 3.5.2. its liquidity does not compromise the ability of the ACD to comply with its obligation to redeem Shares at the request of any qualifying Shareholder under the FCA Handbook;
 - 3.5.3. reliable valuation is available for it as follows:
 - 3.5.3.1. in the case of a transferable security admitted to or dealt in on an eligible market, where there are accurate, reliable and regular prices

which are either market prices or prices made available by valuation systems independent from issuers;

3.5.3.2. in the case of a transferable security not admitted to or dealt in on an eligible market, where there is a valuation on a periodic basis which is derived from information from the issuer of the transferable security or from competent investment research;

3.5.4. appropriate information is available for it as follows:

3.5.4.1. in the case of a transferable security admitted to or dealt in on an eligible market, where there is regular, accurate and comprehensive information available to the market on the transferable security or, where relevant, on the portfolio of the transferable security;

3.5.4.2. in the case of a transferable security not admitted to or dealt in on an eligible market, where there is regular and accurate information available to the ACD on the transferable security or, where relevant, on the portfolio of the transferable security;

3.5.5. it is negotiable; and

3.5.6. its risks are adequately captured by the risk management process of the ACD.

3.6. Unless there is information available to the ACD that would lead to a different determination, a transferable security which is admitted to or dealt in on an eligible market shall be presumed:

3.6.1. not to compromise the ability of the ACD to comply with its obligation to redeem Shares at the request of any qualifying Shareholder; and

3.6.2. to be negotiable.

3.7. No more than 5% of the Scheme Property may be invested in warrants.

4. Closed end funds constituting transferable securities

4.1. A unit or a share in a closed end fund shall be taken to be a transferable security for the purposes of investment by the Company, provided it fulfils the criteria for transferable securities set out in paragraph 3.5 and either:

4.1.1. where the closed end fund is constituted as an investment company or a unit trust:

4.1.1.1. it is subject to corporate governance mechanisms applied to companies; and

4.1.1.2. where another person carries out asset management activity on its behalf, that person is subject to national regulation for the purpose of investor protection; or

4.1.2. where the closed end fund is constituted under the law of contract:

4.1.2.1. it is subject to corporate governance mechanisms equivalent to those applied to companies; and

4.1.2.2. it is managed by a person who is subject to national regulation for the purpose of investor protection.

5. Transferable securities linked to other assets

5.1. The Company may invest in any other investment which shall be taken to be a transferable security for the purposes of investment by the Company provided the investment:

5.1.1. fulfils the criteria for transferable securities set out in 3.5 above; and

5.1.2. is backed by or linked to the performance of other assets, which may differ from those in which the Company can invest.

5.2. Where an investment in 5.1 contains an embedded derivative component, the requirements of this section with respect to derivatives and forwards will apply to that component.

6. Approved Money-Market Instruments

6.1. An approved money-market instrument is a money-market instrument which is normally dealt in on the money-market, is liquid and has a value which can be accurately determined at any time.

6.2. A money-market instrument shall be regarded as normally dealt in on the money-market if it:

6.2.1. has a maturity at issuance of up to and including 397 days;

6.2.2. has a residual maturity of up to and including 397 days;

6.2.3. undergoes regular yield adjustments in line with money-market conditions at least every 397 days; or

6.2.4. has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set out in 6.2.1 or 6.2.2 or is subject to yield adjustments as set out in 6.2.3.

6.3. A money-market instrument shall be regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the ACD to redeem Shares at the request of any qualifying Shareholder.

6.4. A money-market instrument shall be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:

6.4.1. enabling the ACD to calculate a net asset value in accordance with the value at which the instrument held in the Scheme Property could be exchanged between knowledgeable willing parties in an arm's length transaction; and

6.4.2. based either on market data or on valuation models including systems based on amortised costs.

6.5. A money-market instrument that is normally dealt in on the money-market and is admitted to or dealt in on an eligible market shall be presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the ACD that would lead to a different determination.

7. Transferable securities and money-market instruments generally to be admitted or dealt in on an Eligible Market

7.1. Transferable securities and approved money-market instruments held within the Company must be:

7.1.1. admitted to or dealt in on an eligible market as described in 8.3.1; or

7.1.2. dealt in on an eligible market as described in 8.3.2; or

7.1.3. admitted to or dealt in on an eligible market as described in 8.4; or

7.1.4. for an approved money-market instrument not admitted to or dealt in on an eligible market, within 9.1; or

7.1.5. recently issued transferable securities provided that:

7.1.5.1. the terms of issue include an undertaking that application will be made to be admitted to an eligible market; and

7.1.5.2. such admission is secured within a year of issue.

7.2. However, the Company may invest no more than 10% of the Scheme Property in transferable securities and approved money-market instruments other than those referred to in 7.1.

8. Eligible markets regime: purpose and requirements

8.1. To protect Shareholders the markets on which investments of the Company are dealt in or traded on should be of an adequate quality ("eligible") at the time of acquisition of the investment and until it is sold.

8.2. Where a market ceases to be eligible, investments on that market cease to be approved securities. The 10% restriction in 7.2 above on investing in non approved securities applies and exceeding this limit because a market ceases to be eligible will generally be regarded as an inadvertent breach.

8.3. A market is eligible for the purposes of the rules if it is:

8.3.1. a regulated market as defined in the FCA Handbook; or

8.3.2. a market in an EEA State which is regulated, operates regularly and is open to the public.

8.4. A market not falling within paragraph 8.3 of this Appendix is eligible for the purposes of COLL 5 if:

8.4.1. the ACD, after consultation with and notification to the Depositary, decides that market is appropriate for investment of, or dealing in, the Scheme Property;

8.4.2. the market is included in a list in the prospectus; and

8.4.3. the Depositary has taken reasonable care to determine that:

8.4.3.1. adequate custody arrangements can be provided for the investment dealt in on that market; and

8.4.3.2. all reasonable steps have been taken by the ACD in deciding whether that market is eligible.

8.5. In paragraph 8.4.1, a market must not be considered appropriate unless it is regulated, operates regularly, is recognised by an overseas regulator, is open to the public, is adequately liquid and has adequate arrangements for unimpeded transmission of income and capital to or for the order of Shareholders.

8.6. The Eligible Markets for the Company are set out in Appendix 2.

9. Money-market instruments with a regulated issuer

9.1. In addition to instruments admitted to or dealt in on an eligible market, the Company may invest in an approved money-market instrument provided it fulfils the following requirements:

- 9.1.1. the issue or the issuer is regulated for the purpose of protecting Shareholders and savings; and
 - 9.1.2. the instrument is issued or guaranteed in accordance with paragraph 10 (Issuers and guarantors of money-market instruments) below.
- 9.2. The issue or the issuer of a money-market instrument, other than one dealt in on an eligible market, shall be regarded as regulated for the purpose of protecting Shareholders and savings if:
- 9.2.1. the instrument is an approved money-market instrument;
 - 9.2.2. appropriate information is available for the instrument (including information which allows an appropriate assessment of the credit risks related to investment in it), in accordance with paragraph 11 (Appropriate information for money-market instruments) below; and
 - 9.2.3. the instrument is freely transferable.

10. Issuers and guarantors of money-market instruments

- 10.1. The Company may invest in an approved money-market instrument if it is:
 - 10.1.1. issued or guaranteed by any one of the following:
 - 10.1.1.1. a central authority of the United Kingdom or an EEA State or, if the EEA State is a federal state, one of the members making up the federation;
 - 10.1.1.2. a regional or local authority of the United Kingdom or an EEA State;
 - 10.1.1.3. the Bank of England, the European Central Bank or a central bank of an EEA State;
 - 10.1.1.4. the European Union or the European Investment Bank;
 - 10.1.1.5. a non-EEA State or, in the case of a federal state, one of the members making up the federation;
 - 10.1.1.6. a public international body to which the United Kingdom or one or more EEA States belong; or
 - 10.1.2. issued by a body, any securities of which are dealt in on an eligible market; or
 - 10.1.3. issued or guaranteed by an establishment which is:

- 10.1.3.1. subject to prudential supervision in accordance with criteria defined by European Community law; or
 - 10.1.3.2. subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by European Community law.
- 10.2. An establishment shall be considered to satisfy the requirement in 10.1.3.2 if it is subject to and complies with prudential rules, and fulfils one or more of the following criteria:
- 10.2.1. it is located in the European Economic Area;
 - 10.2.2. it is located in an OECD country belonging to the Group of Ten;
 - 10.2.3. it has at least investment grade rating;
 - 10.2.4. on the basis of an in-depth analysis of the issuer, it can be demonstrated that the prudential rules applicable to that issuer are at least as stringent as those laid down by European Community law.

11. Appropriate information for money-market instruments

- 11.1. In the case of an approved money-market instrument within 10.1.2 or issued by a body of the type referred to in COLL 5.2.10EG, or which is issued by an authority within 10.1.1.2 or a public international body within 10.1.1.6 but is not guaranteed by a central authority within 10.1.1.1, the following information must be available:
- 11.1.1. information on both the issue or the issuance programme, and the legal and financial situation of the issuer prior to the issue of the instrument, verified by appropriately qualified third parties not subject to instructions from the issuer;
 - 11.1.2. updates of that information on a regular basis and whenever a significant event occurs; and
 - 11.1.3. available and reliable statistics on the issue or the issuance programme.
- 11.2. In the case of an approved money-market instrument issued or guaranteed by an establishment within 10.1.3, the following information must be available:
- 11.2.1. information on the issue or the issuance programme or on the legal and financial situation of the issuer prior to the issue of the instrument;

- 11.2.2. updates of that information on a regular basis and whenever a significant event occurs; and
 - 11.2.3. available and reliable statistics on the issue or the issuance programme, or other data enabling an appropriate assessment of the credit risks related to investment in those instruments.
- 11.3. In the case of an approved money-market instrument:
- 11.3.1. within 10.1.1.1, 10.1.1.4 or 10.1.1.5; or
 - 11.3.2. which is issued by an authority within 10.1.1.2 or a public international body within 10.1.1.6 and is guaranteed by a central authority within 10.1.1.1;
- information must be available on the issue or the issuance programme, or on the legal and financial situation of the issuer prior to the issue of the instrument.

12. Spread: general

- 12.1. This rule on spread does not apply to government and public securities.
- 12.2. For the purposes of this requirement companies included in the same group for the purposes of consolidated accounts as defined in accordance with Directive 83/349/EEC or in the same group in accordance with international accounting standards are regarded as a single body.
- 12.3. Not more than 20% in the value of the Scheme Property is to consist of deposits with a single body.
- 12.4. Not more than 5% in value of the Scheme Property is to consist of transferable securities or approved money-market instruments issued by any single body, except that the limit of 5% is raised to 10% in respect of up to 40% in value of the Scheme Property (covered bonds need not be taken into account for the purposes of applying the limit of 40%). For these purposes certificates representing certain securities are treated as equivalent to the underlying security.
- 12.5. The limit of 5% is raised to 25% in value of the Scheme Property in respect of covered bonds provided that when the Company invests more than 5% in covered bonds issued by a single body, the total value of covered bonds held must not exceed 80% in value of the Scheme Property. The Company does not currently invest in covered bonds.
- 12.6. The exposure to any one counterparty in an OTC derivative transaction must not exceed 5% in value of the Scheme Property. This limit is raised to 10% where the counterparty is an Approved Bank.

12.7. Not more than 20% in value of the Scheme Property is to consist of transferable securities and approved money-market instruments issued by the same group.

12.8. Not more than 20% in value of the Scheme Property is to consist of the units of any one collective investment scheme.

12.9. The COLL Sourcebook provides that in applying the limits in 12.3, 12.4 and 12.6 and subject to 12.5, not more than 20% in value of the Scheme Property is to consist of any combination of two or more of the following:

12.9.1. transferable securities (including covered bonds) or approved money-market instruments issued by; or

12.9.2. deposits made with; or

12.9.3. exposures from OTC derivatives transactions made with a single body.

13. Spread: government and public securities

13.1. The following section applies to government and public securities ("such securities").

13.2. Where no more than 35% in value of the Scheme Property is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.

13.3. The Company may invest no more than 35% in value of the Scheme Property in such securities issued by any one body.

14. Investment in collective investment schemes

The Company does not currently invest in collective investment schemes.

15. Investment in nil and partly paid securities

A transferable security or an approved money-market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the Company, at the time when payment is required, without contravening the rules in COLL 5.

16. Derivatives: general

The Investment Manager may employ derivatives for purposes of Efficient Portfolio Management. This will generally have the effect of reducing the risk profile and volatility of the Company.

- 16.1. A transaction in derivatives or a forward transaction must not be effected for the Company unless the transaction is of a kind specified in paragraph 18 (Permitted transactions (derivatives and forwards)) below, and the transaction is covered, as required by paragraph 28 (Cover for transactions in derivatives and forward transactions) of this Appendix.
- 16.2. Where the Company invests in derivatives, the exposure to the underlying assets must not exceed the limits set out in the COLL Sourcebook in relation to COLL 5.2.11R (Spread: general) and COLL 5.2.12R (Spread: government and public securities) except for index based derivatives where the rules below apply.
- 16.3. Where a transferable security or approved money-market instrument embeds a derivative, this must be taken into account for the purposes of complying with this section.
- 16.4. A transferable security or an approved money-market instrument will embed a derivative if it contains a component which fulfils the following criteria:
 - 16.4.1. by virtue of that component some or all of the cash flows that otherwise would be required by the transferable security or approved money-market instrument which functions as host contract can be modified according to a specified interest rate, financial instrument price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable, and therefore vary in a way similar to a stand-alone derivative;
 - 16.4.2. its economic characteristics and risks are not closely related to the economic characteristics and risks of the host contract; and
 - 16.4.3. it has a significant impact on the risk profile and pricing of the transferable security or approved money-market instrument.
- 16.5. A transferable security or an approved money-market instrument does not embed a derivative where it contains a component which is contractually transferable independently of the transferable security or the approved money-market instrument. That component shall be deemed to be a separate instrument.
- 16.6. Where the Company invests in an index based derivative, provided the relevant index falls within paragraph 19 (Financial Indices underlying derivatives), the underlying constituents of the index do not have to be taken into account for the purposes of COLL 5.2.11R and COLL 5.2.12R.

17. Efficient Portfolio Management

17.1. The Company may utilise the Scheme Property to enter into transactions for the purposes of Efficient Portfolio Management ("EPM"). The ACD does not anticipate the intended use of derivatives and forward transactions to have any detrimental effect on the overall risk profile of the Company. Permitted EPM transactions (excluding stock lending arrangements) are transactions in derivatives e.g. to hedge against price or currency fluctuations, dealt with or traded on an eligible derivatives market; off-exchange options or contracts for differences resembling options; or synthetic futures in certain circumstances. The ACD must take reasonable care to ensure that the transaction is economically appropriate to the reduction of the relevant risks (whether in the price of investments, interest rates or exchange rates) or to the reduction of the relevant costs and/or to the generation of additional capital or income with an acceptably low level of, risk. The exposure must be fully "covered" by cash and/or other property sufficient to meet any obligation to pay or deliver that could arise.

17.2. Permitted transactions are those that the Company reasonably regards as economically appropriate to EPM, that is:

17.2.1. Transactions undertaken to reduce risk or cost in terms of fluctuations in prices, interest rates or exchange rates where the ACD reasonably believes that the transaction will diminish a risk or cost of a kind or level which it is sensible to reduce; or

17.2.2. Transactions for the generation of additional capital growth or income for the Company by taking advantage of gains which the ACD reasonably believes are certain to be made (or certain, barring events which are not reasonably foreseeable) as a result of:

17.2.2.1. pricing imperfections in the market as regards the property which the Company holds or may hold; or

17.2.2.2. receiving a premium for the writing of a covered call option or a covered put option on property of the Company which the Company is willing to buy or sell at the exercise price.

17.2.3. Eligible derivatives markets are those which the ACD, after consultation with the Depositary, has decided are appropriate for the purpose of investment of or dealing in the Scheme Property with regard to the relevant criteria set out in the COLL Sourcebook and the formal guidance on eligible markets issued by the FCA as amended from time to time. The eligible derivatives markets for the Company are set out in Appendix 2.

18. Permitted transactions (derivatives and forwards)

- 18.1. A transaction in a derivative must be in an approved derivative; or be one which complies with paragraph 22 (OTC transactions in derivatives).
- 18.2. A transaction in a derivative must have the underlying consisting of any one or more of the following to which the Company is dedicated:
 - 18.2.1. transferable securities;
 - 18.2.2. approved money-market instruments permitted under paragraphs 7.1.1 to 7.1.4;
 - 18.2.3. deposits permitted derivatives under this paragraph;
 - 18.2.4. collective investment scheme units permitted under paragraph 13.1 (Investment in collective investment schemes);
 - 18.2.5. financial indices which satisfy the criteria set out in paragraph 19 (Financial indices underlying derivatives);
 - 18.2.6. interest rates;
 - 18.2.7. foreign exchange rates; and
 - 18.2.8. currencies.
- 18.3. A transaction in an approved derivative must be effected on or under the rules of an eligible derivatives market.
- 18.4. A transaction in a derivative must not cause the Company to diverge from its investment objective as stated in the Instrument of Incorporation and the most recently published version of this Prospectus.
- 18.5. A transaction in a derivative must not be entered into if the intended effect is to create the potential for an uncovered sale of one or more, transferable securities, approved money-market instruments, units in collective investment schemes, or derivatives, provided that a sale is not to be considered as uncovered if the conditions in paragraph 21.2 are satisfied.
- 18.6. Any forward transaction must be with an Eligible Institution or an Approved Bank.
- 18.7. A derivative includes an investment which fulfils the following criteria:
 - 18.7.1. it allows transfer of the credit risk of the underlying independently from the other risks associated with that underlying;

18.7.2. it does not result in the delivery or the transfer of assets other than those referred to in COLL 5.2.6AR, including cash;

18.7.3. in the case of an OTC derivative, it complies with the requirements in paragraph 22; and

18.7.4. its risks are adequately captured by the risk management process of the ACD and by its internal control mechanisms in the case of risk asymmetry of information between the ACD and the counterparty to the derivative resulting from the potential access of the counterparty to non-public information on persons whose assets are used as the underlying by that derivative.

18.8. The Company may not undertake transactions in derivatives on commodities.

19. **Financial Indices underlying derivatives**

19.1. The financial indices referred to in 18.2 are those which satisfy the following criteria:

19.1.1. the index is sufficiently diversified;

19.1.2. the index represents an adequate benchmark for the market to which it refers; and

19.1.3. the index is published in an appropriate manner.

19.2. A financial index is sufficiently diversified if:

19.2.1. it is composed in such a way that price movements or trading activities regarding one component do not unduly influence the performance of the whole index;

19.2.2. where it is composed of assets in which the Company is permitted to invest, its composition is at least diversified in accordance with the requirements with respect to spread and concentration set out in this section; and

19.2.3. where it is composed of assets in which the Company cannot invest, it is diversified in a way which is equivalent to the diversification achieved by the requirements with respect to spread and concentration set out in this section.

19.3. A financial index represents an adequate benchmark for the market to which it refers if:

19.3.1. it measures the performance of a representative group of underlyings in a relevant and appropriate way;

19.3.2. it is revised or rebalanced periodically to ensure that it continues to reflect the markets to which it refers, following criteria which are publicly available; and

19.3.3. the underlyings are sufficiently liquid, allowing users to replicate it if necessary.

19.4. A financial index is published in an appropriate manner if:

19.4.1. its publication process relies on sound procedures to collect prices, and calculate and subsequently publish the index value, including pricing procedures for components where a market price is not available; and

19.4.2. material information on matters such as index calculation, rebalancing methodologies, index changes or any operational difficulties in providing timely or accurate information is provided on a wide and timely basis.

19.5. Where the composition of underlyings of a transaction in a derivative does not satisfy the requirements for a financial index, the underlyings for that transaction shall where they satisfy the requirements with respect to other underlyings pursuant to 18.2, be regarded as a combination of those underlyings.

20. **Transactions for the purchase of property**

20.1. A derivative or forward transaction which will or could lead to the delivery of property for the account of the Company may be entered into only if that property can be held for the account of the Company, and the ACD having taken reasonable care determines that delivery of the property under the transaction will not occur or will not lead to a breach of the COLL Sourcebook.

21. **Requirement to cover sales**

21.1. No agreement by or on behalf of the Company to dispose of property or rights may be made unless the obligation to make the disposal and any other similar obligation could immediately be honoured by the Company by delivery of property or the assignment (or, in Scotland, assignation) of rights, and the property and rights above are owned by the Company at the time of the agreement. This requirement does not apply to a deposit.

21.2. FCA guidance states that the requirement set out above can be met where:

21.2.1. the risks of the underlying financial instrument of a derivative can be appropriately represented by another financial instrument and the underlying financial instrument is highly liquid; or

21.2.2. the ACD or the Depositary has the right to settle the derivative in cash and cover exists within the Scheme Property which falls within one of the following asset classes:

21.2.2.1. cash;

21.2.2.2. liquid debt instruments (e.g. government bonds of first credit rating) with appropriate safeguards (in particular, haircuts); or

21.2.2.3. other highly liquid assets having regard to their correlation with the underlying of the financial derivative instruments, subject to appropriate safeguards (e.g. haircuts where relevant).

21.3. In the asset classes referred to in paragraph 21.2.2, an asset may be considered as liquid where the instrument can be converted into cash in no more than seven business days at a price closely corresponding to the current valuation of the financial instrument on its own market.

22. OTC transactions in derivatives

22.1. Any transaction in an OTC derivative under paragraph 18.1 must be:

22.1.1. in a future or an option or a contract for differences;

22.1.2. with an approved counterparty; a counterparty to a transaction in derivatives is approved only if the counterparty is an Eligible Institution or an Approved Bank; or a person whose permission (including any requirements or limitations), as published in the FCA Register or whose Home State authorisation, permits it to enter into the transaction as principal off-exchange;

22.1.3. on approved terms; the terms of the transaction in derivatives are approved only if the ACD: carries out at least daily a reliable and verifiable valuation in respect of that transaction corresponding to its fair value and which does not rely only on market quotations by the counterparty; and can enter into one or more further transactions to sell, liquidate or close out that transaction at any time, at its fair value;

22.1.4. capable of reliable valuation; a transaction in derivatives is capable of reliable valuation only if the ACD having taken reasonable care determines that, throughout the life of the derivative (if the transaction is entered into), it will be able to value the investment concerned with reasonable accuracy:

22.1.4.1. on the basis of an up-to-date market value which the ACD and the Depositary have agreed is reliable; or

22.1.4.2. if the value referred to in 22.1.4.1 is not available, on the basis of a pricing model which the ACD and the Depositary have agreed uses an adequate recognised methodology; and

22.1.5. subject to verifiable valuation: a transaction in derivatives is subject to verifiable valuation only if, throughout the life of the derivative (if the transaction is entered into) verification of the valuation is carried out by:

22.1.5.1. an appropriate third party which is independent from the counterparty of the derivative at an adequate frequency and in such a way that the ACD is able to check it; or

22.1.5.2. a department within the ACD which is independent from the department in charge of managing the Company and which is adequately equipped for such a purpose.

For the purposes of 22.1.3 above, "fair value" is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arms' length transaction.

The depositary must take reasonable care to ensure that the ACD has systems and controls that are adequate to ensure compliance with 22.1.2 to 22.1.5 above.

23. Risk management

23.1. The ACD uses a risk management process enabling it to monitor and measure at any time the risk of the Scheme's positions and their contribution to the overall risk profile of the Scheme.

23.2. The following details of the risk management process must be regularly notified by the ACD to the FCA (and at least on an annual basis):

23.2.1 The methods for estimating risks in derivative and forward transactions; and

23.2.2 A true and fair view of the types of derivatives and forward transactions to be used within the Scheme together with their underlying risks and any relevant quantitative limits.

23.3. In addition, in accordance with COLL the ACD maintains a written risk management policy which identifies the risks which the Scheme is or might be exposed to, and contains procedures which are intended to enable the ACD to assess and manage the exposure of the Scheme to material risks.

24. Investment in deposits

24.1. The Company may invest in deposits only with an Approved Bank and which

are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.

25. Significant influence

25.1. The Company must not acquire transferable securities issued by a body corporate and carrying rights to vote (whether or not on substantially all matters) at a general meeting of that body corporate if:

25.1.1. immediately before the acquisition, the aggregate of any such securities held by the Company gives the Company power significantly to influence the conduct of business of that body corporate; or

25.1.2. the acquisition gives the Company that power.

25.2. For the purposes of paragraph 25.1, the Company is to be taken to have power significantly to influence the conduct of business of a body corporate if it can, because of the transferable securities held by it, exercise or control the exercise of 20% or more of the voting rights in that body corporate (disregarding for this purpose any temporary suspension of voting rights in respect of the transferable securities of that body corporate).

26. Concentration

The Company:

26.1. must not acquire transferable securities other than debt securities which:

26.1.1. do not carry a right to vote on any matter at a general meeting of the body corporate that issued them; and

26.1.2. represent more than 10% of these securities issued by that body corporate;

26.2. must not acquire more than 10% of the debt securities issued by any single issuing body;

26.3. must not acquire more than 25% of the units in a collective investment scheme;

26.4. must not acquire more than 10% of the approved money-market instruments issued by any single body; and

26.5. need not comply with the limits in paragraphs 26.2, 26.3 and 26.4 of this Appendix if, at the time of the acquisition, the net amount in issue of the relevant investment cannot be calculated.

27. Derivative exposure

- 27.1. The Company may invest in derivatives and forward transactions as long as the exposure to which the Company is committed by that transaction itself is suitably covered from within the Scheme Property. Exposure will include any initial outlay in respect of that transaction.
- 27.2. Cover ensures that the Company is not exposed to the risk of loss of property, including money, to an extent greater than the net value of the Scheme Property. Therefore, the Company must hold Scheme Property sufficient in value or amount to match the exposure arising from a derivative obligation to which the Company is committed. Paragraph 28 (Cover for transactions in derivatives and forward transactions) below sets out detailed requirements for cover of the Company.
- 27.3. A future is to be regarded as an obligation to which the Company is committed (in that, unless closed out, the future will require something to be delivered, or accepted and paid for); a written option as an obligation to which the Company is committed (in that it gives the right of potential exercise to another thereby creating exposure); and a bought option as a right (in that the purchaser can, but need not, exercise the right to require the writer to deliver and accept and pay for something).
- 27.4. Cover used in respect of one transaction in derivatives or forward transaction must not be used for cover in respect of another transaction in derivatives or a forward transaction.

28. Cover for transactions in derivatives and forward transactions

- 28.1. Global exposure relating to derivatives and forward transactions held in the Scheme must not exceed the net asset value of the scheme property. Global exposure of the Scheme must be calculated on an at least daily basis, and must take into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions and includes underwriting commitments.
- 28.2. Scheme Property the subject of a stock lending transaction is only available for cover if the ACD has taken reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required.
- 28.3. The global exposure of the Scheme must be calculated either as (i) the incremental exposure and leverage through the use of derivatives and forward transactions (including embedded derivatives), which may not exceed 100% of the net value of the scheme property; or (ii) the market risk of the scheme property (being the risk of loss of the Scheme resulting from the fluctuation in the market

value of positions in the Scheme's portfolio attribution to changes in market variables, such as interest rates, foreign exchange rates, equity and commodity prices or an issuer's credit worthiness).

29. Cover and Borrowing

29.1. Cash obtained from borrowing, and borrowing which the ACD reasonably regards an Eligible Institution or an Approved Bank to be committed to provide, is not available for cover under paragraph 28 (Cover for transactions in derivatives and forward transactions) except where 29.2 below applies.

29.2. Where, for the purposes of this paragraph the Company borrows an amount of currency from an Eligible Institution or an Approved Bank; and keeps an amount in another currency, at least equal to such borrowing for the time being in 29.1 on deposit with the lender (or their agent or nominee), then this paragraph 29.2 applies as if the borrowed currency, and not the deposited currency, were part of the Scheme Property.

30. The commitment approach

The global exposure of the Scheme is calculated by using the commitment approach in accordance with COLL. The ACD must:

30.1.1 Ensure that it applies this approach to all derivative and forward transactions (including embedded derivatives), whether used as part of the Scheme's investment policy, for the purposes of risk reduction or for the purposes of efficient portfolio management;

30.1.2 Convert each underlying derivative or forward transaction into the market value of an equivalent position in the underlying asset of that derivative or forward.

(the "standard commitment approach").

ACD may apply other calculation methods which are equivalent to the standard commitment approach. The ACD may also take account of netting and hedging arrangements when calculating the global exposure of the Scheme, where such arrangements do not disregard obvious and material risks, and result in a clear reduction of risk exposure.

Where the use of derivatives or forward transactions does not generate incremental exposure for the Scheme, the underlying exposure need not be included in the commitment calculation.

Where the commitment approach is used, temporary borrowing arrangements entered into on behalf of the Scheme need not form part of the global exposure calculation.

31. Cash and near cash

31.1. Cash and near cash must not be retained in the Scheme Property except to the extent that, where this may reasonably be regarded as necessary in order to enable:

31.1.1. the pursuit of the Company's investment objective; or

31.1.2. redemption of Shares; or

31.1.3. efficient management of the Company in accordance with its investment objective; or

31.1.4. other purposes which may reasonably be regarded as ancillary to the investment objective of the Company.

32. General

32.1. It is envisaged that the Company will normally be fully invested but there may be times that it is appropriate not to be fully invested when the ACD reasonably regards this as necessary in pursuit of the investment objective and policy, redemption of Shares, efficient management of the Company or any one purpose which may reasonably be regarded as ancillary to the investment objective of the Company.

32.2. Where the Company invests in or disposes of units or shares in another collective investment scheme which is managed or operated by the ACD or an associate of the ACD, the ACD must pay to the Company by the close of business on the fourth business day the amount of any preliminary charge in respect of a purchase, and in the case of a sale, any charge made for the disposal.

32.3. A potential breach of any of these limits does not prevent the exercise of rights conferred by investments held by the Company but, in the event of a consequent breach, the ACD must then take such steps as are necessary to restore compliance with the investment limits as soon as practicable having regard to the interests of Shareholders.

32.4. The COLL Sourcebook permits the ACD to use certain techniques when investing in derivatives in order to manage the Company's exposure to particular counterparties and in relation to the use of collateral to reduce overall exposure with respect to over-the-counter ("OTC") derivatives; for example the Company may take collateral from counterparties with whom they have an OTC derivative position and use that collateral to net off against the exposure they have to the counterparty under that OTC derivative position, for the purposes of complying with counterparty spread limits. The COLL Sourcebook also permits the Company

to use derivatives to effectively short sell (agree to deliver the relevant asset without holding it in the Company) under certain conditions.

33. Underwriting

33.1. Underwriting and sub underwriting contracts and placings may also, subject to certain conditions set out in the COLL Sourcebook, be entered into for the account of the Company.

34. General power to borrow

34.1. The Company or the ACD, on the instructions of the Company, may and subject to the COLL Sourcebook, borrow money from an Eligible Institution or an Approved Bank for the use of the Company on terms that the borrowing is to be repayable out of the Scheme Property.

34.2. Borrowing must be on a temporary basis, must not be persistent, and in any event must not exceed three months without the prior consent of the Depositary, which may be given only on such conditions as appear appropriate to the Depositary to ensure that the borrowing does not cease to be on a temporary basis.

34.3. The ACD must ensure that borrowing does not, on any business day, exceed 10% of the value of the Scheme Property.

34.4. These borrowing restrictions do not apply to "back to back" borrowing for currency hedging purposes (i.e. borrowing permitted in order to reduce or eliminate risk arising by reason of fluctuations in exchange rates).

35. Restrictions on lending of money

35.1. None of the money in the Scheme Property may be lent and, for the purposes of this paragraph, money is lent by the Company if it is paid to a person ("the payee") on the basis that it should be repaid, whether or not by the payee.

35.2. Acquiring a debenture is not lending for the purposes of paragraph 35.1, nor is the placing of money on deposit or in a current account.

35.3. Nothing in paragraph 35.1 prevents the Company from providing an officer of the Company with funds to meet expenditure to be incurred by them for the purposes of the Company (or for the purposes of enabling them properly to perform their duties as an officer of the Company) or from doing anything to enable an officer to avoid incurring such expenditure.

36. Restrictions on lending of property other than money

36.1. Scheme Property other than money must not be lent by way of deposit or otherwise.

36.2. Transactions permitted by paragraph 399 (Stock lending) are not to be regarded as lending for the purposes of paragraph 36.1.

36.3. The Scheme Property must not be mortgaged.

36.4. Where transactions in derivatives or forward transactions are used for the account of the Company in accordance with COLL and this appendix, the Company or the Depositary of the Company at the request of the Company, may however lend, deposit, pledge or charge Scheme Property for margin requirements or transfer scheme property under the terms of an agreement in relation to margin requirements, provided the ACD reasonably considers that both the agreement and the margin arrangements made under it (including in relation to the level of margin) provide appropriate protection to Shareholders (which for these purposes includes one made in accordance with the 1995 International Swaps and Derivatives Association Credit Support Annex (English Law) to the International Swaps and Derivatives Association Master Agreement).

37. General power to accept or underwrite placings

37.1. Any power in COLL 5 to invest in transferable securities may be used for the purpose of entering into transactions to which this section applies, subject to compliance with any restriction in the Instrument of Incorporation. This section applies, to any agreement or understanding: which is an underwriting or sub-underwriting agreement, or which contemplates that securities will or may be issued or subscribed for or acquired for the account of the Company.

37.2. This ability does not apply to an option, or a purchase of a transferable security which confers a right to subscribe for or acquire a transferable security, or to convert one transferable security into another.

37.3. The exposure of the Company to agreements and understandings as set out above, on any business day be covered and be such that, if all possible obligations arising under them had immediately to be met in full, there would be no breach of any limit in the COLL Sourcebook.

38. Guarantees and indemnities

38.1. The Company or the Depositary for the account of the Company must not provide any guarantee or indemnity in respect of the obligation of any person.

38.2. None of the Scheme Property may be used to discharge any obligation arising under a guarantee or indemnity with respect to the obligation of any person.

38.3. Paragraphs 38.1 and 38.2 do not apply to in respect of the Company:

- 38.3.1. any indemnity or guarantee given for margin requirements where the derivatives or forward transactions are being used in accordance with COLL 5; and
- 38.3.2. an indemnity falling within the provisions of regulation 62(3) (Exemptions from liability to be void) of the OEIC Regulations;
- 38.3.3. an indemnity (other than any provision in it which is void under regulation 62 of the OEIC Regulations) given to the Depositary against any liability incurred by it as a consequence of the safekeeping of any of the Scheme Property by it or by anyone retained by it to assist it to perform its function of the safekeeping of the Scheme Property; and
- 38.3.4. an indemnity given to a person winding up a scheme if the indemnity is given for the purposes of arrangements by which the whole or part of the property of that scheme becomes the first property of the Company and the holders of units in that scheme become the first Shareholders in the Company.

39. Stock lending

- 39.1. The entry into stock lending transactions or repo contracts for the account of the Company is permitted for the generation of additional income for the benefit of the Company, and hence for its Shareholders.
- 39.2. The specific method of stock lending permitted in this section is in fact not a transaction which is a loan in the normal sense. Rather it is an arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992, under which the lender transfers securities to the borrower otherwise than by way of sale and the borrower is to transfer those securities, or securities of the same type and amount, back to the lender at a later date. In accordance with good market practice, a separate transaction by way of transfer of assets is also involved for the purpose of providing collateral to the "lender" to cover them against the risk that the future transfer back of the securities may not be satisfactorily completed.
- 39.3. The stock lending permitted by this section may be exercised by the Company when it reasonably appears to the Company to be appropriate to do so with a view to generating additional income with an acceptable degree of risk.
- 39.4. The Company or the Depositary at the request of the Company may enter into a stock lending arrangement or repo contract of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263C), but only if all the terms of the agreement under which securities are to be reacquired by the Depositary for the account of the Company, are in a form which is acceptable to the Depositary and are in accordance with good market practice, the counterparty meets the criteria set out in COLL 5.4.4, and collateral is obtained

to secure the obligation of the counterparty. Collateral must be acceptable to the Depositary, adequate and sufficiently immediate.

- 39.5. The Depositary must ensure that the value of the collateral at all times is at least equal to the value of the securities transferred by the Depositary. This duty may be regarded as satisfied in respect of collateral the validity of which is about to expire or has expired where the Depositary takes reasonable care to determine that sufficient collateral will again be transferred at the latest by the close of business on the day of expiry.
- 39.6. Any agreement for transfer at a future date of securities or of collateral (or of the equivalent of either) may be regarded, for the purposes of valuation under the COLL Sourcebook, as an unconditional agreement for the sale or transfer of property, whether or not the property is part of the property of the Scheme Property.
- 39.7. There is no limit on the value of the Scheme Property which may be the subject of stock lending transactions or repo contracts.

NOTE: Past performance should not be taken as a guide to the future. Please see Appendix 1 for the Company's objectives and below for an explanation of investor profile.

Investor profile

The Company is suitable for retail investors, professional investors and eligible counterparties whose investment requirements are aligned with the objectives, policies and risk profiles of the Company. The Company will be distributed primarily via fund platforms, wealth managers, discretionary fund managers and financial institutions. The Company has no complex features or guarantees and investors do not necessarily need to have investment experience however a basic understanding of investment markets, the kind of underlying investments of the Company and the risks involved in investment is important.

This Prospectus contains detail on the Company's objectives, investment strategies, risks, performance, distribution policy and fees and expenses. All investors are expected to have also read the Key Investor Information Document (KIID) which is intended to help investors understand the nature and risks of investing in the Company.

The Company may not be suitable for certain investors, including but not limited to those whose objectives and needs are not consistent with the nature of the Company, those who are unable to commit capital for a sufficient term or do not have sufficient resources to bear any loss which may result from an investment in the Company. The Company is also

not committed to meeting any specific ethical, social, religious or environmental restrictions which some investors may be seeking.

Further information on the intended target market for the Company is available from the ACD upon request. If you are in any doubt as to the suitability of the Company, you should consult an appropriately qualified financial adviser prior to making an investment.

Investors must be able to accept some risk to their capital, thus the Company may only be suitable for investors who are looking to set aside the capital for at least 5 years.
